COUNCIL OF THE DISTRICT OF COLUMBIA
COMMITTEE OF THE WHOLE
NOTICE OF PUBLIC HEARING

1350 Pennsylvania Avenue, NW, Washington, DC 20004

CHAIRMAN PHIL MENDELSON
COMMITTEE OF THE WHOLE
ANNOUNCES A PUBLIC HEARING

on

Bill 26-769, the "Soccer Stadium Redevelopment and Maintenance Act of 2026"

on

Friday, October 23, 2026 at 10:00am

Council Hearing Room 412 (Track B)
John A. Wilson Building
1350 Pennsylvania Avenue NW
DC Council Website (www.dccouncil.gov)

Council Chairman Phil Mendelson announces a public hearing before the Committee of the Whole on **Bill 26-769**, the "Soccer Stadium Redevelopment and Maintenance Act of 2026." The hearing will be held at **10:00 a.m. on Friday, October 23, 2026.**

The stated purpose of Bill 26-769 is to authorize the Mayor to enter into a public-private financing agreement with DC United or its affiliates to redevelop the soccer stadium known as Audi Field through the installation of a climate-controlling roof and the addition of more stadium seating. The envisioned public-private financing model will include contributions from DC United and the District. DC United predicts that the roof and additional seats will generate excess revenue to the District which will more than offset the District's contribution to the project. The bill also establishes the Soccer Stadium Preservation and Improvement Fund to provide for the maintenance, repair, and capital improvement of the stadium site, and provides tax exemptions on excess site revenue. The legislation also commits DC United and its affliates to creating an ancillary housing development that would include affordable housing units.

Those who wish to testify about this legislation must register using the Council's Hearing Management System at https://lims.dccouncil.gov/hearings by **5:00 p.m. on Wednesday, October 21, 2026**. **Testimony is limited to three minutes**. Witnesses who anticipate needing spoken language interpretation, or require sign language interpretation, are requested to inform the Committee office of the need as soon as possible but no later than five business days before the proceeding by emailing cow@dccouncil.gov. We will make every effort to fulfill timely requests, although alternatives may be offered. Requests received in less than five business days may not be fulfilled. Witnesses will receive instructions on how to participate by Zoom prior to the hearing. If you have additional questions, please contact Christian A. Washington, Special Counsel, at (202) 724-8083 or cow@dccouncil.gov.

Public witnesses may participate virtually via the Internet on the Zoom Video Conference platform. Testimony should be submitted through the Council's Hearing Management System in advance of the hearing. Testimony will be publicly accessible upon Committee review. If you are unable to testify at the hearing, written statements are encouraged and will be made a part of the official record. Statements for the record should be submitted through the Hearing Management System or left by voicemail by calling (202) 430-6948 (up to 3 minutes which will be transcribed). The record will close at 5:00 pm on Friday, November 6, 2026.

DEPARTMENT OF HEALTH

NOTICE OF FINAL RULEMAKING

The Director of the Department of Health, pursuant to the authority set forth in Sections 302(13) and (14) of the District of Columbia Health Occupations Revision Act of 1985 ("Act"), effective March 25, 1986 (D.C. Law 6-99; D.C. Official Code § 3-1203.02 (13) and (14)), and Mayor's Order 98-140, dated August 20, 1998, hereby adopts the following amendments to Section 4602 (Educational and Training Requirements) and Section 4611 (Pre-licensure Practice by Postgraduate Physicians) of Chapter 46 (Medicine) of Title 17 (Business, Occupations, and Professionals) of the District of Columbia Municipal Regulations (DCMR).

Amendments to Section 4602 and Section 4611 are necessary due to changes in the accrediting bodies of Canadian medical schools. As of June 30, 2025, the Liaison Committee on Medical Education (LCME), the accrediting body for medical schools in the United States, is no longer accrediting Canadian medical schools. Therefore, individuals who graduate from a Canadian medical school on or after July 1, 2025, will be considered foreign-trained medical graduates. As such, in order to qualify for a medical license in the District of Columbia, these individuals will have to meet the qualifications of a foreign-trained physician, which is clarified by the amendment to Section 4602. Additionally, in order to participate in a U.S.-based graduate medical education (GME) program accredited by the Accreditation Council for Graduate Medical Education (ACGME), individuals who graduate from a Canadian medical school on or after July 1, 2025, will be required to obtain certification from the Educational Commission for Foreign Medical Graduates (ECFMG Certification) or hold a full and unrestricted license to practice medicine in the jurisdiction in which the ACGME program is located. This is reflected in amendments in Section 4611.

Additional amendments to Section 4611 better align the medical training license (MTL) period to the GME program processes. Many programs have begun to start earlier than the traditional start date of July 1 to incorporate additional orientation and introductory skills. However, the MTL is currently limited to a one-year period with annual renewals, which means a first-year MTL granted prior to July 1 would expire prior to June 30, the end of the first year program. Thus, the Board of Medicine (Board) recommended MTLs for the first year of the GME program be licensed for up to thirteen (13) months. The Board also recommended that second and subsequent year MTLs be issued for a maximum of three (3) years or the end of the GME program, whichever time period is shorter. This will ease the administrative burden of annual renewals for physicians-in-training, the GME programs, and the licensing staff. Additionally, it is clarified that the ACGME limitations on working hours is applicable to those physicians in an ACGME-accredited program. Because both the GME programs and the MTL holders are required to report to the Board any change in status including probation or termination, Board oversight will not be impacted.

The Proposed Rulemaking was published in the *District of Columbia Register* on May 29, 2026, at 73 DCR 008086. No comments were received, and no changes have been made to the proposed rulemaking. These amendments were adopted as final on September 2, 2026 and shall become effective upon publication in the *District of Columbia Register*.

Title 17, BUSINESS, OCCUPATIONS, AND PROFESSIONALS, of the DCMR is amended as follows:

Chapter 46, MEDICINE, is amended as follows:

Section 4602, EDUCATIONAL AND TRAINING REQUIREMENTS, is amended as follows:

Subsection 4602.1 is amended to read as follows:

4602.1 An applicant for licensure by examination educated in a foreign country other than an applicant who graduated on or before June 30, 2025, from a Canadian medical school, shall furnish proof satisfactory to the Board that the applicant successfully completed educational and training requirements pursuant to § 4603.

Section 4611, PRE-LICENSURE PRACTICE BY POSTGRADUATE PHYSICANS, is amended to read as follows:

Subsection 4611.2 is amended to read as follows:

4611.2 Medical training licenses (MTLs) shall be classified as follows:

(a) Type I(A), postgraduate physicians enrolled in a postgraduate clinical training residency program who graduated from a U.S. medical school, or a Canadian medical school on or before June 30, 2025;

(b) Type I(B), foreign medical school-trained postgraduate physicians (not including Canadian medical school postgraduate physicians who graduated on or before June 30, 2025) enrolled in a postgraduate clinical training residency program; and

(c) Type II, foreign medical-school trained postgraduate physicians enrolled in an ACGME or Board approved postgraduate clinical training fellowship program.

Subsection 4611.7 is amended as follows:

Paragraphs (b) and (c) are amended to read as follows:

(b) Submit, not later than ninety (90) days prior to the commencement of the postgraduate physician's participation in a clinical training program in the District, the documentation required for a new medical training license application. The initial medical training license for the first year of a postgraduate training program may be for thirteen (13) months to accommodate orientation schedules that commence prior to the beginning of the training year but require a license due to the program orientation.

(c) Submit, prior to the commencement of the second or later training year, the documentation required for a medical training license renewal application for review no earlier than March 1st but not later than May 31st of the training year. DEPARTMENT OF HEALTH

NOTICE OF PROPOSED RULEMAKING

The Director of the Department of Health, pursuant to the authority set forth under Section 302(14) of the District of Columbia Health Occupations Revision Act of 1985 ("Act"), effective March 25, 1986 (D.C. Law 6-99; D.C Official Code § 3-1203.02(14)) and Mayor's Order 98-140, dated August 20, 1998, hereby gives notice of her intent to adopt the following amendments to Chapter 35 (Licensing Fees) and Chapter 96 (Certified Nurse Aides) and to repeal in its entirety Chapter 93 (Home Health Aides) of Title 17 (Business, Occupations, and Professionals) of the District of Columbia Municipal Regulations ("DCMR") in not less than thirty (30) days after the publication of this notice in the *District of Columbia Register*.

This rulemaking repeals Chapter 93 (Home Health Aides) and amends Chapter 96 (Certified Nurse Aides) to combine the certification process for certified nurse aides ("CNA") and home health aides ("HHA") into one certification, which bears the title of certified nurse aide, to accord with the amendments to the Act that were made by Section 2 of the Certified Nurse Aide Amendment Act of 2024, effective December 12, 2024 (D.C. Law 25-232; 71 DCR 12970). The rulemaking also establishes a transition process to ensure a person registered or certified in the District as a HHA before the effective date of this rulemaking is authorized to practice and represent themselves as a CNA-Dual—a new designation created by this rulemaking that allows the person to assist with the delivery of direct nursing care to patients under the supervision of a nurse or other licensed health professional in both home and facility settings—and a person registered or certified in the District as a CNA before the effective date of this rulemaking is authorized to practice in a facility setting and represent themselves as a CNA-Inpatient ("CNA-IN")—another new designation created by this rulemaking that allows the person to assist with the delivery of direct nursing care to patients under the supervision of a nurse or other licensed health professional in facility settings. Under the rulemaking, the CNA-IN designation is a temporary certification category that will expire on December 31, 2030. The rulemaking creates three methods a CNA-IN can transition their certification to a CNA-Dual, with no additional cost.

This rulemaking also creates a temporary license that authorizes a person licensed or certified in good standing as a nurse aide or equivalent in Maryland or Virginia to practice as a CNA-Dual in the District and implements provisions of the Act that authorize 16- and 17-year-olds to practice as CNAs, with a scope of practice limited to non-home settings.

The amendment to Chapter 35 establishes fees for the licensing of CNAs in the District of Columbia and repeals the fees for the repealed HHA certification type.

The Director gives notice of her intent to take action to adopt these rules as final in not less than thirty (30) days after the date of publication of this notice in the *District of Columbia Register.*

(c) **Job Placement (JP) Services**

(3) ***Outcome-based compensation*** **–** The District shall pay the outcome-based compensation set out in following tables based on the provider's achievement of specific outcomes for which the provider can provide documentation:

Payment	The District shall pay three hundred dollars ($300) per month per customer who meets this performance standard.
Restrictions, Conditions, and Notes	If the provider is eligible to receive a JP participation payment and an employment retention payment for the same customer in a Federal Month, the provider shall only receive the employment retention payment. There are no restrictions on the number of JP participation payments that a provider is eligible to receive for a JP Customer.

Notes: The American Community Survey (ACS) is an ongoing survey by the U.S. Census Bureau. It regularly gathers information previously contained only in the long form of the decennial census, such as ancestry, educational attainment, income, language proficiency, migration, disability, employment, and housing characteristics. It is the largest household survey that the Census Bureau administers. On the national level, the survey was sent to more than 17 million households over the years 2020-2024. For the District of Columbia over the same years, the survey was sent to 36,683 resident households with 18,070 surveys being officially finalized. The 2021-2025 ACS 5-year estimates will be released in December 2026.

The 5-year estimates have larger samples and smaller margins of error than the 1-year estimates. However, they are less current because the larger samples include data that were collected in earlier years. The main advantage of using multi-year estimates is the increased statistical reliability.

ELIGIBILITY FOR THE REDUCED RECORDATION TAX RATE FOR FIRST-TIME HOMEBUYERS IN TAX YEAR 2027

Effective in Tax Year 2018, the recordation tax rate imposed by the city's Recorder of Deeds on the purchase of an eligible property by a first-time District of Columbia homebuyer was reduced. For deeds of title, the rate is 0.725%. For economic interest deeds in cooperatives, the rates are 1.825% when the consideration is less than $400,000 or 2.175% when the consideration is $400,000 or more.

An "eligible property" is defined as improved residential real property, including an economic interest in a cooperative unit, that qualifies for the homestead deduction and is purchased for no more than $625,000 (D.C. Official Code § 42-1101 (17)). A "first-time District homebuyer" means a purchaser who has never owned eligible property as the individual's principal residence and as having household income, including that of all owners, not exceeding the appropriate income limit established by the Office of Tax and Revenue for the year.

The statute establishes that the maximum home purchase price shall be subject to an annual adjustment based on the Washington Area Consumer Price Index (CPI) for All Urban Consumers and rounded to the next lowest multiple of $500.00. Thus,

For calendar year 2016[1] the Washington Area average CPI value was: 253.42
For calendar year 2025[2] the Washington Area average CPI value was: 321.99

Consequently, the percent change in the index values for these two time periods is:
27.06%

Therefore, after adjusting for the change in the area CPI, the purchase price for an eligible property for Tax Year 2027 (beginning October 1, 2026) shall not exceed $794,000.00.

Also, the statute establishes that for Tax Year 2027 the maximum household income with respect to persons living in the household shall be the following:

Maximum Eligible Household Income by Number of Persons in Household for Tax Year 2027	
Persons in Household	Household Income Limit
1	$209,340
2	$239,220
3	$269,110
4	$298,980
5	$322,920
6	$346,860
7	$370,800
8 or more	$394,740

ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
ZONING COMMISSION ORDER NO. 15-18E
Z.C. Case No. 15-18E
2715 PENN LP[1]
(Modification Without Hearing to an Approved PUD for Property Located @ Square 1194, Lot 15 [2715 Pennsylvania Avenue, N.W.])
July 30, 2026

Pursuant to notice, at its July 30, 2026, public meeting, the Zoning Commission for the District of Columbia ("Commission") considered the application ("Application") of 2715 PENN LP ("Applicant") for a Modification Without Hearing to the approved Planned Unit Development ("PUD") approved pursuant to Z.C. Order Nos. 15-18 through 15-18D for property located at 2715 Pennsylvania Avenue, N.W. (Square 1194, Lot 15) ("Property"). The Commission reviewed the Application pursuant to the Commission's Rules of Practice and Procedures, which are codified in Subtitle Z of the Zoning Regulations (Title 11 of the District of Columbia Municipal Regulations ("DCMR"), to which all subsequent citations refer unless otherwise specified). For the reasons stated below, the Commission APPROVES the Application.

FINDINGS OF FACT

I. Background Information

Prior Approvals

1. Pursuant to Z.C. Order No. 15-18, effective March 10, 2017 ("Original Order"), the Commission approved a consolidated PUD with a related Zoning Map amendment to the W-2 zone under the 1958 Zoning Regulations ("ZR58") to allow for the construction of a mixed-use building with a restaurant on the ground floor and a four-story apartment house comprised of seven residential units above ("Project").

2. Following approval of the Original Order, the Commission subsequently approved several modifications and extensions in Z.C. Order Nos. 15-18A through 15-18D. The most recent extension, Z.C. Order No. 15-18D, required construction of the approved Project, as modified, to begin no later than March 9, 2026.

Parties and Notice

3. The only party to Z.C. Order Nos. 15-18 *et seq.,* other than the Applicant, was Advisory Neighborhood Commission ("ANC") 2E, the "affected" ANC pursuant to Subtitle Z § 101.8.

II. The Application

4. On June 22, 2026, the Applicant filed the Application requesting a Modification Without Hearing to allow the seven approved residential units in the Project to be designated as residential and/or lodging use. The Application stated that it would allow for flexibility to

[1] The Applicant in the original Zoning Commission cases was Initio LP. Pursuant to Special Warranty Deed dated October 2, 2024, Initio LP sold the Property to 2715 PENN LP, which is the current owner of the Property and Applicant in this case

offer any three of the seven units as temporary housing for a term of less than thirty (30) consecutive days at any given time, and the remaining four units would continue to operate as residential (Exhibit ["Ex."] 1-2B).

5. The Application did not propose any changes to the approved building envelope, approved plans, building height, density, ground floor use, or public benefits package, including the Housing Production Trust Fund contribution, LEED-Gold commitment, and improvements to park areas adjacent to the Property. No zoning relief was needed to accommodate the modification, and lodging use is permitted as a matter-of-right in the MU-13 zone (*See* Subtitle U § 507.1(a)(11); Ex. 2)).

6. The Application included an analysis of how the proposed modifications did not alter the Commission's prior conclusions that the Project met the PUD evaluation standards under ZR58, and that the modified Project would continue to meet such standards set forth in Subtitle X § 304 (Ex. 2).

7. The Applicant provided evidence that on June 22, 2026, it served the Application on ANC 2E and the Office of Planning ("OP") as attested by the Certificate of Service submitted with the Application (Ex. 2).

8. OP submitted a report dated July 20, 2026 ("OP Report"), concurring that the Application could be considered as a Modification Without Hearing and recommending the Commission approve the request with the condition that the lodging units remain advertised for long-term residential lease, or sale, while assigned to lodging purposes or otherwise vacant (Ex. 6).

9. The Applicant submitted a supplemental letter dated July 27, 2026, stating that it agreed to the condition stated in the OP Report being included in a final order approving the Application (Ex. 7).

10. DDOT submitted a report dated July 17, 2026 ("DDOT Report"), stating no objection to approval of the Application and noting that no changes were proposed to site access, vehicle parking, or bike parking, and that a Comprehensive Transportation Review study was not required for any of the prior approvals or for the subject modification (Ex. 5).

11. ANC 2E did not file a letter to the record in response to the Application.

CONCLUSIONS OF LAW

1. Subtitle Z § 703.1 authorizes the Commission, in the interest of efficiency, to make modifications without a public hearing to approved contested case final orders and plans approved by such orders.

2. Subtitle Z § 703.6 defines "modification without hearing" as "a modification in which impact may be understood without witness testimony, including, but not limited to a proposed change to a condition in the final order, a change in position on an issue discussed

by the Commission that affected its decision, or a redesign or relocation of architectural elements and open spaces from the final design approved by the Commission. Determination that a modification can be approved without witness testimony is within the Commission's discretion."

3. The Commission concludes that the Application qualifies as a Modification Without Hearing within the meaning of Subtitle Z § 703.6, as a request to modify the conditions approved by Z.C. Order Nos. 15-18 *et seq*., the impact of which may be understood without witness testimony, and it therefore can be granted without a public hearing pursuant to Subtitle Z § 703.1.

4. The Commission concludes that the Applicant satisfied the requirement of Subtitle Z § 703.10 to serve the Application on all parties to the original proceeding, in this case ANC 2E, and OP, at the same time the Application was filed with the Office of Zoning.

5. The Commission concludes that all parties were allowed 30 days after the Application was filed and served on June 22, 2026, to file responses to the Application in accordance with Subtitle Z § 703.12.

6. The Commission concludes that the Application was filed at least 35 days prior to the public meeting at which the Application was considered by the Commission, in accordance with Subtitle Z § 703.13. The Application was filed June 22, 2026, and considered by the Commission at its public meeting on July 30, 2026.

7. The Commission finds that the Application is consistent with the approved PUD and that the requested modification will give the Applicant flexibility to offer any three of the seven units as lodging use (i.e., temporary housing for a term of less than 30 consecutive days).

"GREAT WEIGHT" TO THE RECOMMENDATIONS OF OP

8. The Commission must give "great weight" to the recommendation of OP pursuant to § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2018 Repl.)) and Subtitle Z § 405.9 (*Metropole Condo. Ass'n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)).

9. The Commission notes OP's lack of objection to the Application being considered as a modification without hearing and finds persuasive OP's recommendation that the Commission approve the Application and therefore concurs in that judgment. The Commission also agrees with OP's condition of approval, to which the Applicant agreed, that lodging units remain advertised for long-term residential lease, or sale, while assigned to lodging purposes or otherwise vacant.

"GREAT WEIGHT" TO THE WRITTEN REPORT OF THE ANC

10. The Commission must give "great weight" to the issues and concerns raised in a written report of the affected ANC that was approved by the full ANC at a properly noticed meeting that was open to the public pursuant to § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code

§ 1-309.10(d) (2012 Repl.)) and Subtitle Z § 406.2. To satisfy the great weight requirement, the Commission must articulate with particularity and precision the reasons why an affected ANC does or does not offer persuasive advice under the circumstances (*Metropole Condo. Ass'n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)). The District of Columbia Court of Appeals has interpreted the phrase "issues and concerns" to "encompass only legally relevant issues and concerns." (*Wheeler v. D.C. Bd. of Zoning Adjustment*, 395 A.2d 85, 91 n.10 (1978) (citation omitted)).

11. Since ANC 2E did not submit a report in response to the Application, the Commission has no written report to afford great weight.

DECISION

In consideration of the case record and the Findings of Fact and Conclusions of Law herein, the Commission concludes that the Applicant has satisfied its burden of proof and, therefore, **APPROVES** the Applicant's request for a Modification Without Hearing to modify Z.C. Order 15-18 *et seq.,* subject to the following conditions and provisions:

The conditions in Z.C. Order No. 15-18, as modified by Z.C. Order Nos. 15-18A and 15-18B, remain unchanged and in effect except that the following condition is added:

All seven dwelling units may be designated as residential and/or lodging use, with no more than three of the seven units being designated as a lodging use at any given time, provided that the lodging units remain advertised for long-term residential lease, or sale, while assigned to lodging purposes or otherwise vacant.

FINAL ACTION
VOTE (July 30, 2026): 4-0-1 (Anthony Hood, Tammy Stidham, Robert Miller, and Gwen Wright to approve; Joseph S. Imamura, not present, not voting).

In accordance with the provisions of Subtitle Z § 604.9, this Order No. 15-18E shall become final and effective upon publication in the *District of Columbia Register*; that is, on September 11, 2026.

BY THE ORDER OF THE D.C. ZONING COMMISSION
A majority of the Commission members approved the issuance of this Order.

ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
ZONING COMMISSION ORDER NO. 16-18I
Z.C. Case No. 16-18I
Georgetown University
(Amendment to and Further Processing of an Approved Campus Plan and Related Special Exception and Variance Relief @ Square 1179, Lots 805, 806, 812, 813, and a portion of 35th Street to be closed [3500 Water Street, N.W.])
July 23, 2026

Pursuant to notice, at its July 23, 2026 public hearing, the Zoning Commission for the District of Columbia ("Commission") considered the application ("Application") of Georgetown University ("Applicant" or "University"), on behalf of the District of Columbia ("District") and the National Park Service ("NPS"), for the following approvals under the Zoning Regulations (Title 11 of the District of Columbia Municipal Regulations, Zoning Regulations of 2016, to which all subsequent citations refer unless otherwise specified):

- Amendment of the University's 2017-2036 Campus Plan ("Campus Plan") approved by Z.C. Order No. 16-18, as amended by Z.C. Order Nos. 16-18A through 16-18H (collectively, the "Order"), pursuant to Subtitle X § 101.1, to add the property located at 3500 Water Street, N.W. (Square 1179, Lots 805, 806, 812, 813, and a portion of 35th Street to be closed) (collectively, the "Property") to the University's Hilltop Campus[1] ("Campus") and designate it as a development site for campus life/athletic use ("Campus Plan Amendment");
- Further processing of the Campus Plan, pursuant to Subtitle X § 101.10, to authorize the construction of a new non-motorized boathouse ("Project" or "Boathouse") on the Property; and
- Related special exception and variance relief to accommodate the design of the Boathouse, including: (i) special exception approval for education use within the 100-year floodplain, pursuant to Subtitle C § 1102.5; (ii) special exception approval for structures located within the 75-foot waterfront setback, pursuant to Subtitle C § 1102.1(g); (iii) variance relief from the 25-foot required waterfront setback to be reserved for a public pedestrian and bicycle trail along the waterfront of Subtitle C § 1102.1(e); and (iv) variance relief from the Green Area Ratio ("GAR") requirements of Subtitle G § 211.1.

The Property is located immediately west of and underneath the Francis Scott Key Memorial Bridge along the Potomac River in the MU-12 zone. The Commission reviewed the Application pursuant to the Commission's Rules of Practice and Procedures, which are codified in Subtitle Z. For the reasons stated below, the Commission **APPROVES** the Application.

SUMMARY ORDER

I. BACKGROUND INFORMATION

1. Pursuant to Z.C. Order No. 16-18 ("Campus Plan Order"), the Commission approved the 2017-2036 Campus Plan. The Campus Plan was subsequently amended by Z.C. Order Nos.

[1] The Hilltop Campus consists of property located in Squares 1203, 1222, 1223, 1226, 1248, and 1321.

16-18A through 16-18H. The Property was not included within the boundaries of the Campus Plan prior to this Application.

2. The Application arises from the Georgetown Nonmotorized Boathouse Zone Development Plan and Environmental Assessment prepared by NPS in 2017 ("NPS Boathouse Study"), which identified the Property as "Site D" — one of five potential boathouse sites along the Potomac River. To implement the NPS Boathouse Study, NPS, the District, and the University have agreed to undertake a series of land transactions that will facilitate the development of the Boathouse on the Property, allow the District to develop Site E east of the Key Bridge, and enhance NPS's control and operations of the Chesapeake and Ohio Canal National Historic Park.

PARTIES

3. The parties to the Campus Plan included Advisory Neighborhood Commission ("ANC") 2E and ANC 3D, as well as the Citizens Association of Georgetown ("CAG"), the Burleith Citizens Association ("BCA"), the Foxhall Community Citizens Association ("FCCA"), and the Georgetown University Student Association ("GUSA") (together, the "Campus Plan Parties").

4. In addition to the Applicant, the parties to this Application were: ANC 2E and ANC 3D, each ANCs in which portions of the Hilltop Campus are located and, therefore, each an "affected ANC" pursuant to Subtitle Z § 101.8 and 403.5(b). The Property is located within the boundaries of ANC 2E. No other requests for party status were received.

NOTICE

5. Pursuant to Subtitle Z § 302.6, the Applicant mailed a Notice of Intent to file the Application on February 27, 2026, to the Campus Plan Parties as well as the owners of all property within 200 feet of the Property (Exhibit ["Ex."] 3D). On April 23, 2026, the Applicant served the Application on the Office of Planning ("OP"), District Department of Transportation ("DDOT"), and the Campus Plan Parties, attested to by the certificate of service included in the Application (Ex. 2).

6. On May 14, 2026, pursuant to Subtitle Z § 402, the Office of Zoning ("OZ") sent notice of the July 23, 2026, public hearing to:
   - Applicant;
   - ANC 2E;
   - ANC 3D;
   - ANC Single Member District ("SMD") Commissioner 2E05;
   - Councilmember Brooke Pinto, the Ward 2 Councilmember, and Councilmember Matt Frumin the Ward 3 Councilmember, in whose Wards the Campus is located;
   - CAG;
   - BCA;
   - FCCA;
   - GUSA;

- Office of ANCs;
- OP;
- DDOT;
- Department of Buildings ("DOB");
- Office of Zoning Legal Division ("OZLD");
- Department of Energy and the Environment ("DOEE"); and
- Chairman and At-Large Members of the D.C. Council; and Property Owners of all lots within 200 feet of the Property and the lessees located on the Property.

(Ex. 7, 8).

7. In accordance with Subtitle C § 1102.5(b), by letter dated May 8, 2026, OZ referred the Application for review and comment to:
   - DOEE;
   - D.C. Metropolitan Police Department ("MPD");
   - D.C. Fire & Emergency Medical Services ("FEMS"); and
   - D.C. Homeland Security & Emergency Management Agency ("HSEMA").

   (Ex. 4).

8. OZ also published notice of the July 23, 2026, public hearing in the May 22, 2026, issue of the *District of Columbia Register* (73 DCR 007819 *et seq.*) as well as on the calendar on OZ's website (Ex. 6, 7).

9. Pursuant to Subtitle Z §§ 402.8 - 402.10, the Applicant submitted affidavits of posting and maintenance dated June 15, 2026, and July 17, 2026, respectively, confirming that all posting and maintenance requirements were met (Ex. 10, 17).

II. THE APPLICATION

10. On April 23, 2026, the Applicant filed the Application requesting:
    - An Amendment to the Campus Plan to add the Property to the Campus and designate the Property as a development site for campus life /athletic use;
    - Further processing approval to authorize construction of the Boathouse; and
    - Related special exception and variance relief to accommodate the design of the Project, including:
      - Special exception approval to allow educational use within the 100-year floodplain, pursuant to Subtitle C § 1102.5;
      - Special exception approval to allow the Boathouse to be located within the 75-foot waterfront setback, pursuant to Subtitle C § 1102.1(g);
      - Variance relief from the 25-foot required waterfront setback to be reserved for a public pedestrian and bicycle trail along the waterfront of Subtitle C § 1102.1(e); and
      - Variance relief from the GAR requirements of Subtitle G § 211.1 (Ex. 1-3K).

11. On June 23, 2026, the Applicant submitted a prehearing statement and supporting documentation, including updated plans to reflect (a) an increase in height to elevate the occupiable floor area above the design flood elevation for a "Tidal Shoreline Buffer" site, and (b) the addition of flood vents at the lower portion of the Boathouse to allow for hydrostatic relief for storage areas in the event of a flood; proposed conditions; a Flood Emergency Evacuation Plan; the Transportation Report; Outlines of Witness Testimony; and Expert Resumes (Ex. 13-13F).

12. As noted, the Applicant's June 23, 2026, submission included, a Transportation Report prepared by Wells + Associates, dated June 8, 2026 ("Transportation Report"), concluding that the Application would not create an adverse impact on campus or on the surrounding community (Ex. 13D).

APPLICANT'S JUSTIFICATION

13. The Applicant asserted that the Application met the requirements for amendment to and further processing of a campus plan pursuant to Subtitle X, Chapter 1, and for the related special exception and variance relief, for the following reasons:
    a. The University is chartered as an educational institution of higher learning (*X § 101.1*);
    b. The use is not likely to become objectionable to surrounding residential property due to noise, traffic and parking, number of students, or other objectionable conditions because the Boathouse aligns with the current and historic aquatic recreational use of the Property and nearby properties, the Application will not impact the number of students enrolled at the University, and students are expected to walk or bike to the Boathouse such that the projected traffic and parking impacts are minimal (*X § 101.2*);
    c. The Campus Plan remains in compliance with the maximum bulk requirement, as the Project is located in a MU zone and will not affect the FAR for the residentially-zoned portions of the Campus (*X § 101.7*);
    d. The Application was preceded by approval of the Campus Plan as a plan for developing the Campus as a whole, and the Application includes updated exhibits to the Campus Plan that reflect the Campus Plan Amendment (*X § 101.9*);
    e. The Application does not propose an interim use of land for university use and does not propose the relocation of a major development site to an off-campus location (*X § 101.11*);
    f. The Application is not inconsistent with the relevant policies of the Citywide Elements of the Comprehensive Plan, including when viewed through a racial equity lens. The use of the Property as an athletic facility for university athletic programs is consistent with the Property's Parks, Recreation, and Open Space designation on the Future Land Use Map, and the Application has a neutral impact on racial equity (*X § 101.12*);
    g. The Campus remains within the FAR limit for the campus as a whole (*X § 101.13*);
    h. The Application was referred to OP, DDOT, and DOEE for review and comment (*X § 101.14*);
    i. The Application is in harmony with the general purpose and intent of the Zoning Regulations and Zoning Map because the Boathouse's use, massing, and height are within the matter-of-right limits for the MU-12 Zone and do not impact the limits prescribed by the Campus Plan. The Application will not tend to adversely affect the

use of neighboring properties because the aquatic recreational use is consistent with the riverfront location and the projected traffic, parking, and noise impacts are minimal (*X § 101.15*);

j. The Application satisfies the standards for special exception approval for education use within the 100-year floodplain pursuant to Subtitle C § 1102.5, because the Boathouse has been designed to withstand potential flood risks, with all non-storage program areas elevated above the design flood elevation, mechanical equipment located within a well in the roof, and lower-level storage designed to wet floodproofing standards;

k. The Application satisfies the standards for special exception approval for structures located within the 75-foot waterfront setback pursuant to Subtitle C § 1102.1(g), because the Boathouse will enhance visual and public recreational opportunities along the waterfront, has been designed to minimize adverse impacts on the river and riverbank areas, and will not limit public access along the waterfront other than directly in front of the Boathouse, consistent with the allowance for water-dependent uses; and

l. The Application satisfies the standards for variance relief from the 25-foot waterfront setback trail reservation requirement of Subtitle C § 1102.1(e) and from the GAR requirements of Subtitle G § 211.1, because (i) the Property is affected by exceptional conditions, including its irregular shape, shallow depth, significant slope, location within the 100-year floodplain, the presence of the Key Bridge over the eastern portion of the Property, and the design expectations of the Georgetown Historic District; (ii) the Applicant would face practical difficulties in complying with these requirements due to the design and operational needs of the Boathouse which preclude the necessary area to meet the GAR requirements and the positioning of the Boathouse which precludes a waterfront pedestrian and bicycle trail connection; and (iii) the granting of such relief will not cause substantial detriment to the public good or substantially impair the intent, purpose, or integrity of the zone plan, as the Boathouse promotes aquatic recreational activity and incorporates public access to the waterfront (Ex. 3, 3E).

III. RESPONSES TO THE APPLICATION

14. By letter dated March 26, 2026, the U.S. Commission of Fine Arts ("CFA") approved the concept design of the Project and adopted the report of the Old Georgetown Board ("OGB") dated March 19, 2026, which recommended no objection to the concept design for the new boathouse. At the public hearing, representatives for the Applicant testified that the Applicant had also received approval for the revised concept design in July 2026 (Ex. 3I; Transcript ["Tr."] at 13).

15. By report dated July 13, 2026, OP concluded that the Application meets the requirements of the Zoning Regulations and recommended approval of the Application, including the Campus Plan Amendment, further processing, and all requested areas of special exception and variance relief. OP concluded that the proposed Boathouse is consistent with the surrounding waterfront context, that the building has been designed to withstand potential flood risks in the 100-year floodplain, and that the Application would not be inconsistent with the Zoning Maps and written elements of the Comprehensive Plan. OP noted that the Application would not significantly advance or impede Comprehensive Plan racial equity

policies because it would not adversely impact neighboring property, result in loss of housing opportunities, or lead to other inequities for the neighborhood or the Near Northwest Planning Area as a whole (Ex. 15).

16. By report dated July 10, 2026, DDOT expressed no objection to the approval of the Application, provided that the Applicant implement the Loading Management Plan ("LMP") proposed in the June 8, 2026, Transportation Statement (Ex. 13D) for the life of the Project. DDOT concluded that the Project would generate a minor amount of additional vehicle trips during the morning peak hour, that the proposed public space improvements would improve safety and multimodal operations at the western terminus of Water Street, NW, and that the proposed 12 short-term bicycle parking spaces exceed the minimum zoning requirement. DDOT further noted that it was supportive of the Applicant's request to close a portion of 35th Street, N.W. (Ex. 14).

17. By supplemental report dated July 16, 2026, OP, on behalf of the Department of Energy and Environment ("DOEE"), submitted comments commending the Applicant's siting of mechanical equipment above the 500-year floodplain and the commitment to LEED Silver certification, and noting that the Boathouse is required to comply with all applicable provisions of Chapter 31, Flood Hazard Rules of Title 20 DCMR, and Chapter 26, Critical Areas, Wetlands and Streams, of Title 21 DCMR. DOEE also strongly encouraged the Applicant to pursue an all-electric design and to explore opportunities for renewable energy procurement (Ex. 16).

18. By report dated May 7, 2026, ANC 2E stated that at its May 4, 2026, regularly scheduled and duly noticed public meeting, with a quorum present, it voted unanimously (5-0-0) to support the Application. ANC 2E submitted a supplemental report dated June 3, 2026, further supporting the University's applications to close a portion of 35th Street, N.W., and to obtain Public Space Committee approval for site access to the Boathouse from Water Street, N.W. (Ex. 5, 9). The ANC noted the University's agreement to expand the size of the public access dock and find off-site parking for the coaches.

19. By report dated May 6, 2026, ANC 3D stated that at its May 6, 2026, regularly scheduled and duly noticed public meeting, with a quorum present, it voted unanimously (5-0-0) to recommend that the Commission approve the Application. ANC 3D found the proposal to be modest and unlikely to negatively impact the use and enjoyment of the riverfront (Ex. 11).

20. By letter dated July 21, 2026, the Georgetown Community Partnership ("GCP") submitted a letter in support of the Application, finding that the Boathouse project will result in shared benefits for the University, the residents of the Georgetown neighborhood, and the District (Ex. 18).

21. By letter dated July 23, 2026, HSEMA submitted a letter sharing considerations to support long-term preparedness, operational resilience, and public safety for the Project's evacuation and emergency management plans as the Project moves forward (Ex. 20).

CONCLUSIONS

1. The Commission is authorized under the Zoning Act, approved June 20, 1938 (52 Stat. 797, as amended; D.C. Official Code § 6-641.01 (2018 Repl.)) to grant campus plan approvals consistent with the requirements set forth in Subtitle X § 101 and Subtitle Z § 302. Pursuant to Subtitle X § 101, the Commission shall evaluate an application for an amendment of a campus plan and further processing as a special exception:
   - *Education use by a college or university shall be permitted as a special exception subject to review and approval by the Zoning Commission under Subtitle X, Chapter 9 after its determination that the use meets the applicable standards and conditions of this chapter (Subtitle X § 101.1);*
   - *The further processing of specific buildings, structures, and uses within an approved campus plan shall be processed as a special exception . . .(Subtitle X § 101.10); and*
   - *Approval of a campus plan shall be based on the determination by the Zoning Commission that the application will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps, and will not tend to affect adversely the use of neighboring property, in accordance with the Zoning Regulations and Zoning Maps, subject to the special conditions specified in this section (Subtitle X § 101.15).*

2. Section 8 of the Zoning Act (see also Subtitle X § 901.2) establishes that the Commission may grant a special exception upon its determination that the special exception:
   - *Will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Map;*
   - *Will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map; and*
   - *Complies with the special conditions specified in the Zoning Regulations.*

3. Relief granted through a special exception is presumed appropriate, reasonable, and compatible with other uses in the same zoning classification, provided the specific regulatory requirements for the relief requested are met. In reviewing an application for special exception relief, the Commission's discretion is limited to determining whether the proposed exception satisfies the requirements of the regulations and "if the applicant meets its burden, the [Commission] ordinarily must grant the application." (*First Washington Baptist Church v. D.C. Bd. of Zoning Adjustment*, 432 A.2d 695, 701 (D.C. 1981) (quoting *Stewart v. D.C. Bd. of Zoning Adjustment*, 305 A.2d 516, 518 (D.C. 1973))).

4. Section 8 of the Zoning Act (see also Subtitle X § 1000.1) establishes that the Commission may grant variance relief where:

   By reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the original adoption of the regulations or by reason of exceptional topographical conditions or other extraordinary or exceptional situation or condition of a specific piece of property," the strict application of the Zoning Regulations would result in peculiar and exceptional practical difficulties to or

exceptional and undue hardship upon the owner of the property, provided that relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

5. Based on the record before the Commission, the Commission concludes that the Applicant has met the burden of proof and that the requested approvals and relief can be granted. The Application satisfies the special exception standards for the requested Campus Plan Amendment and the further processing thereof, as well as for the special exception for education use within the 100-year floodplain and the special exception for structures within the 75-foot waterfront setback. The Application also satisfies the standards for variance relief from the 25-foot waterfront setback trail reservation requirement and from the GAR requirements.

"GREAT WEIGHT TO THE WRITTEN REPORT OF OP

6. The Commission must give "great weight" to the recommendation of OP pursuant to § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163); D.C. Official Code § 6-623.04 (2018 Repl.) and Subtitle Z § 405.9 (See *Metropole Condo Ass'n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)).

7. The Commission finds persuasive OP's analysis that the Application satisfies the requirements of the Zoning Regulations for the Campus Plan Amendment, further processing, special exception, and variance relief, and the Commission concurs with OP's judgment.

"GREAT WEIGHT TO THE WRITTEN REPORT OF THE ANC

8. The Commission must give "great weight" to the issues and concerns raised in a written report of the affected ANC that was approved by the full ANC at a properly noticed meeting that was open to the public pursuant to § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21); D.C. Official Code § 1-309.10(d) (2012 Repl.)) and Subtitle Z § 406.2. To satisfy the great weight requirement, the Commission must articulate with particularity and precision the reasons why an affected ANC does or does not offer persuasive advice under the circumstances (*Metropole*, 141 A.3d at 1087). The District of Columbia Court of Appeals has interpreted the phrase "issues and concerns" to "encompass only legally relevant issues and concerns." (*Wheeler v. D.C. Bd. of Zoning Adjustment*, 395 A.2d 85, 91 n.10 (D.C. 1978) (citation omitted)).

9. The Commission finds persuasive the support of ANC 2E and ANC 3D, each of which was provided in a written report approved by the respective ANC at a duly noticed public meeting with a quorum present, and the Commission concurs with each ANC's support.

SUMMARY ORDER

10. Since no persons or parties appeared in opposition to the Application, a decision by the Commission to grant this Application would not be adverse to any party. Indeed, both ANC

2E and ANC 3D, the parties to this proceeding, supported the Application, and the GCP, which is comprised of representatives of not only the ANCs but also the other Campus Plan Parties, supported the Application. Therefore, pursuant to Subtitle Z § 604.7, the Commission authorized a Summary Order in this case and determined it may waive the requirement that findings of fact and conclusions of law accompany the Order because such waiver will not prejudice the rights of any party.

DECISION

In consideration of the case record, the Commission concludes that the Applicant has satisfied its burden of proof and therefore APPROVES the Application for the Campus Plan Amendment, further processing, special exception, and variance relief described herein, subject to the following conditions:

1. **Campus Plan Amendment - Exhibits.** The following Campus Plan exhibits of the record in Z.C. Case No. 16-18, and as previously amended, are replaced with the corresponding exhibits in Ex. 3H of the record in Z.C. Case No. 16-18I:
