To declare the existence of an emergency, due to congressional review, with respect to the need to amend the Green Building Act of 2006 to exempt certain District-owned and -funded residential and nonresidential projects from complying with net-zero-energy standards and to modify net-zero-energy standard compliance requirements for nonresidential and residential projects; to amend section 2 of the Clean Energy DC Building Code Amendment Act of 2022 to modify the definition of the net-zero-energy standard and the types of projects to which the net-zero-energy standard applies; and for other purposes.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Net Zero Continuity Congressional Review Emergency Declaration Resolution of 2026".

Sec. 2. (a) On July 14, 2026, the Council adopted the Net Zero Continuity Emergency Amendment Act of 2026, effective July 30, 2026 (D.C. Act 26-0394; 73 DCR 011187) ("emergency act"), which will expire on October 28, 2026.

(b) On September 22, 2026, the Council adopted the Net Zero Continuity Temporary Amendment Act of 2026, passed on 2nd reading on September 22, 2026 (Enrolled version of Bill 26-768) ("temporary act"), which has not completed congressional review.

(c) Congressional emergency legislation is necessary to prevent a gap in the law between the expiration of the emergency act and the effective date of the temporary act.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Net Zero Continuity Congressional Review Emergency Amendment Act of 2026 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

To declare the existence of an emergency, due to congressional review, with respect to the need to amend the Department of For-Hire Vehicles Establishment Act of 1985 to clarify the definition of a private vehicle-for-hire operator.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Private Vehicle-for-Hire Operator Clarification Congressional Review Emergency Declaration Resolution of 2026".

Sec. 2. The Council has passed emergency and temporary legislation to clarify that the Department of For-Hire Vehicles ("DFHV") has had, and continues to have, the authority to address the range of threats to passenger and driver safety caused by illegal for-hire vehicle operators and companies, empowering DFHV to continue enforcing registration, insurance, and trade dress requirements. However, the Council anticipates a potential lapse in the law while the most recent temporary legislation undergoes congressional review. Further emergency legislation is therefore necessary.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Private Vehicle-for-Hire Operator Clarification Congressional Review Emergency Amendment Act of 2026 be adopted after a single reading.

To declare the existence of an emergency with respect to the need to approve the expenditures for Multiyear Contract No. PO-GF-2026-C-0019 by and between the University of the District of Columbia and Ellucian Company LLC in the amount of $10,157,746.00 for the strategic transition of the University's Enterprise Resource Planning infrastructure to a Software as a Service environment.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "University of the District of Columbia Multiyear Contract No. PO-GF-2026-C-0019 with Ellucian Company LLC Contract Emergency Declaration Resolution of 2026".

Sec. 2. IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

October 6, 2026

To declare the existence of an emergency with respect to the need to amend the Block Party Act of 2012 to enable residents hosting a musical performance on their property as part of a porchfest to apply for block party permits.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Porchfest Permitting Emergency Declaration Resolution of 2026".

Sec. 2. (a) The Porchfest Permitting Emergency Amendment Act of 2025, effective December 30, 2025 (D.C. Act 26-236; 73 DCR 66), was passed by the Council on December 2, 2025 to ensure that porchfest performances hosted by individual residents in Spring 2025 could apply for block party permits. The accompanying temporary legislation, the Porchfest Permitting Temporary Amendment Act of 2025, effective March 6, 2026 (D.C. Law 26-99; 73 DCR 448), was passed by the Council on December 16, 2025, is set to expire on October 17, 2026.

(b) Permanent legislation, the Porchfest Permitting Amendment Act of 2025, as introduced on October 7, 2025 (Bill 26-424), is pending before the Council. A hearing was held on September 24, 2026. Emergency legislation is therefore necessary to provide continuity while the permanent legislation proceeds through the Council's legislative process.

(c) This fall, two porchfest festivals are scheduled to take place, one after the date of the current temporary legislation's expiration: Capitol Hill's inaugural Porchfest on October 10, followed by Adams Morgan's Fall Porchfest on November 7. Organizers across the District are also in the early stages of planning their spring porchfests. Ensuring continuity and certainty in the permitting process is necessary so that both the upcoming fall festivals and those planned for the spring can move forward without disruption.

(d) The Block Party Act of 2012, effective October 23, 2012 (D.C. Law 19-190, D.C. Official Code § 9-631 *et seq.*), was enacted to create a simple, accessible process for residents to obtain permission to host neighborhood block parties.

(e) Prior to the passage of the emergency and temporary legislation, residents who applied for block party permits to host porchfest musical performances were denied because the events were considered part of a larger porchfest festival. They were told they must instead apply for a special event permit, which is used for major, professionally organized events and is significantly more costly and complex.

(f) Emergency legislation is necessary to ensure continuity for porchfest organizers for upcoming fall and spring porchfests while permanent legislation makes its way through the Council.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Porchfest Permitting Emergency Amendment Act of 2026 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

October 6, 2026

To declare the existence of an emergency with respect to the need to amend the Procurement Practices Reform Act of 2010 to require the Office of Contracting and Procurement to process requests for the equitable adjustment of homeless services contracts within 60 days.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Homeless Services Contract Adjustment Emergency Declaration Resolution of 2026".

Sec. 2. (a) The McNamara-O'Hara Service Contract Act of 1965 ("SCA"), codified at 41 U.S.C. § 6701 *et seq.*, requires District contractors and subcontractors to provide service employees, such as security guards, cooks, and janitors with the wages and fringe benefits the Department of Labor ("Labor") finds to be prevailing in the District. A clause requiring compliance with the SCA is a standard provision in District contracts, including agreements to provide homeless services like emergency shelter.

(b) Following oversight by the Committee on Human Services, the Executive found the fringe benefits of at least one homeless services subcontractor to be out of compliance with the SCA. The Department of Human Services ("DHS") subsequently reminded homeless services providers of the SCA payment obligations in their contracts. Several providers contend this communication was the first indication from the Executive that SCA compliance was required, and that the SCA had not been discussed during the procurement process.

(c) After DHS's reminder, some providers of homeless services found their payment practices, and the payment practices of their subcontractors, to be inconsistent with the SCA. The costs of compliance have surprised providers and threatened some organizations' financial integrity. Potential system-wide impacts are significant. For example, a recent survey of affected providers found that full compliance with the SCA may impose, in calendar year 2026 alone, more than $3.9 million in costs above previously budgeted wage and benefit levels. Some providers describe the discovery of the costs imposed by the SCA as an emergency that has led to reductions in services, including less robust shelter security and less frequent cleanings of common areas. The Committee on Human Services has received significant outreach from providers and clients on the impact of increased awareness of the SCA, including photographs of unsanitary shelter conditions and the elimination of already strained case management staff.

(d) Although the District cannot excuse compliance with the SCA, providers may, through the Office of Contracting and Procurement, seek equitable adjustments of their contracts to account for changes in the prevailing wage determinations issued by Labor. Because the required wage and benefit rates have increased so quickly, the equitable adjustment process could offer providers significant relief. Family shelter contracts recently submitted to the Council required compliance with a wage determination revision dated May 14, 2026. Since that revision, the governing wage determination has increased twice. In only 3 months, the health and welfare rate that covers employees' fringe benefits increased 6.7%, from $962.00 a month to $1,026.13 a month. The minimum hourly wage for a janitor increased from $17.84 to $18.19 over that same period. Between August and May, then, the annual cost of each full-time janitor increased by $1,497.56: $728.00 in salary and $769.56 in fringe. The equitable adjustment process may account for these costs if providers pursue it.

(e) To avoid further reducing staff and services and thereby compromising the health and safety of unhoused residents, providers need immediate financial relief. Emergency legislation is necessary to ensure they can secure any equitable adjustments to which they may be entitled quickly and with the certainty of a guaranteed timeline.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Homeless Services Contract Adjustment Emergency Amendment Act be adopted after a single reading.

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

October 6, 2026

To declare the existence of an emergency with respect to the need to amend the Healthy Schools Act of 2010 to modify the requirements for District school breakfast service.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Alternative Breakfast Service Model Emergency Declaration Resolution of 2026."

Sec. 2. (a) The Healthy Students Amendment Act of 2018, effective March 13, 2019 (D.C. Law 22-240; 66 DCR 912), was passed to, among other things, increase participation in school breakfast. The law requires elementary schools where 40% or more of the students at a school qualify for free or reduced-price meals ("Title I schools") to take specific actions if participation in school breakfast is below 75%. In the first year where participation lags, the school can receive a waiver from the Office of the State Superintendent of Education to implement alternative breakfast services models to improve participation; however, if a school's participation rate does not demonstrate incremental progress, the law requires breakfast to be served in the classroom.

(b) After that legislation took effect, the District of Columbia Public Schools ("DCPS") and the Washington Teachers' Union negotiated a new collective bargaining agreement ("CBA") that covers the period from October 1, 2023, to September 30, 2028. Section 23.8 of the CBA reserves the 30-minute block between 8:10 AM and 8:40 AM for teacher-initiated or principal-led planning. Because classroom teachers cannot begin supervising students until 8:40 AM, an elementary school that is required by law to serve breakfast in the classroom cannot do so until 8:40 AM.

(c) As a result of the classroom breakfast requirement and the requirements of the CBA, some District elementary schools now face logistical challenges that are cutting into instructional time. One school community reports that the morning routine has been profoundly disrupted. Last year, all on-time students proceeded to the school cafeteria for breakfast and late-arriving students would receive grab-and-go breakfast near the front door. This year, all students from kindergarten through fifth grade must gather in the auditorium until 8:40 AM and then grab breakfast to go on their way to their classrooms where they spend the first minutes of their day eating rather than beginning instruction.

(d) Seventy percent of DCPS's 61 Title I elementary schools and education campuses are impacted. For the 2026-2027 school year, 15 DCPS elementary schools and education campuses have been required to serve breakfast in the classroom for all grades. A further 28 DCPS elementary schools and education campuses have received a waiver this year but may be subject to the requirement next year.

(e) The underlying emergency legislation amends current law to provide Title I elementary schools with breakfast participation rates under 75% with more flexible options to increase participation. The new enhanced breakfast service options will include breakfast in the classroom, grab and go breakfast, or a combination of both breakfast models. By providing impacted schools with this flexibility, the District can continue improving participation in school breakfast without creating logistical challenges that reduce instructional time at Title I public elementary schools and education campuses.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Alternative Breakfast Service Model Emergency Amendment Act of 2026 be adopted after a single reading.

Sec. 2. To declare the existence of an emergency with respect to the need to approve a Reimbursable Agreement with the Washington Metropolitan Area Transit Authority to develop a bus rapid transit system on H Street and Benning Road between Union Station and RFK Stadium named the "Gold Line".

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Washington Metropolitan Area Transit Authority Gold Line Bus Rapid Transit Phase 1 Fiscal Year 2026, 2027, and 2028 Reimbursable Agreement Emergency Declaration Resolution of 2026".

Sec. 2. (b) Council approval is necessary because this is a multiyear agreement in excess of $1 million.

(c) Furthermore, Council approval is necessary to ensure the frequent bus service operating in dedicated, enforced center-running bus lanes along H Street and Benning Road, NE, connecting the RFK stadium and redevelopment to Union Station is completed in time for the opening of the new RFK stadium.

(d) The total amount of the Agreement is $5 million from capital funds appropriated in Fiscal Year 2027.

26-528

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

October 6, 2026

To declare the existence of an emergency with respect to the need to approve a multiyear Dedicated Funding Grant Agreement with the Washington Metropolitan Area Transit Authority to provide capital funding for state-of-good-repair capital needs for fiscal years 2027 through 2032.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the "Washington Metropolitan Area Transit Authority Fiscal Year 2027 to 2032 Dedicated Funding Grant Agreement Emergency Declaration Resolution of 2026".

Sec. 2. (a) There exists an immediate need to approve a Dedicated Funding Grant Agreement between the District and the Washington Metropolitan Area Transit Authority ("WMATA") by which the District will provide funding to WMATA for state-of-good-repair capital improvements to WMATA's Metrorail and Metrobus systems from October 1, 2026, to September 30, 2032.

(b) In 2018, the District of Columbia, Virginia, and Maryland agreed to provide WMATA dedicated funding of $500 million annually, starting in Fiscal Year 2020, to help maintain the Metrorail and Metrobus systems in a state of good repair.

(c) Thereafter, on February 14, 2020, the Director of the District Department of Transportation executed a one-year Dedicated Funding Grant Agreement with WMATA, effective for Fiscal Year 2020, in the not-to-exceed amount of $178,500,000, to help maintain WMATA's assets in a state of good repair.

(d) On October 22, 2020, the Mayor executed a 6-year Dedicated Funding Grant Agreement with WMATA, effective from October 1, 2020, through September 30, 2026, in an annual amount of $178,500,000 and a total not-to-exceed amount of $1,071,000,000, to help maintain WMATA's assets in a state of good repair.

(e) Because the existing Dedicated Funding Grant Agreement is scheduled to expire on September 30, 2026, it is now necessary for the District and WMATA to enter into a new Dedicated Funding Grant Agreement in order to continue the District's support for WMATA's investments to maintain the Metrorail and Metrobus systems in a state of good repair.

(f) The Mayor therefore has transmitted to the Council a proposed 6-year Dedicated Funding Grant Agreement with WMATA, to be effective from October 1, 2026, through

September 30, 2032, in an annual amount of $178,500,000 and a total not-to-exceed amount of $1,071,000,00.

(g) The Council's approval of the proposed agreement is necessary under section 451 of the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 803; D.C. Official Code § 1-204.51), as the agreement is a contract involving expenditures of more than $1 million during a 12-month period and is a multiyear contract.

(h) The Council's approval of the agreement is necessary to support the continuation of WMATA's vital Metrorail and Metrobus services in a state of good repair.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Washington Metropolitan Area Transit Authority Fiscal Year 2027 to 2032 Dedicated Funding Grant Agreement Emergency Approval Act of 2026 be adopted after a single reading.

On Monday, November 9, 2026, at 10:30 am, Councilmember Brooke Pinto, Chairwoman of the Committee on the Judiciary and Public Safety, will hold a **public hearing on Bill 26-0056, the "Settlement of Actions Involving Minor Children Act of 2025," and Bill 26-0524, the "Distribution of False Sexual Imagery Prohibition Amendment Act of 2025."**

The hearing will be held in room 123 of the John A. Wilson Building.

B26-0056, the "Settlement of Actions Involving Minor Children Act of 2025," would replace the current mandatory guardianship system for minor child settlements with an alternative investment framework in order to preclude costly annual guardianship reports which can reduce the funds in the minor's settlement. In this new framework, settlements with a net recovery of $10,000 or more must have judicial review. In all settlements (under and over $10,000), the settlement proceeds check would be made payable to a trustee on behalf of the child and deposited into a blocked account at a financial institution, with the minor only able to draw funds at the age of 18 (exempting medical expenses and education), or in a structured settlement, pooled trust, special needs trust, or another best-interests fiduciary arrangement pending court approval. The bill would also allow for judicial discretion to assign a guardian as best interests require.

B26-0524, the "Distribution of False Sexual Imagery Prohibition Amendment Act of 2025, would create new criminal penalties—specifically, a misdemeanor criminal offense and a felony criminal offense—for the nonconsensual distribution of sexually explicit images, video, or audio of an individual generated or altered by means of digital technology and artificial intelligence, to be consistent with federal standards established in the 2025 Tools to Address Known Exploitation by Immobilizing Technological Deepfakes on Websites and Networks Act (TAKE IT DOWN) Act.

The Committee invites the public to testify. Those who wish to do so must register using the Council's Hearing Management System at https://lims.dccouncil.gov/hearings **by 9:00 a.m. on Thursday, November 5, 2026.** All public witnesses will have 3 minutes to speak. **Witnesses will have the option to testify in person or virtually**; witnesses should specify which option they are electing at the time they sign up to testify.

Council Chairman Phil Mendelson announces a public hearing before the Committee of the Whole on *Oversight of Education for Students with Disabilities* and on **Bill 26-63 "Advancing Equity in Special Education Protocols Amendment Act of 2025."** The public hearing will be held on **Wednesday, November 4, 2026, at 2:30 p.m. In accordance with Council Rule 421(d)(5), this notice has been revised to reflect Bill 26-63 as an additional topic.**

During the 2025–26 school year, the share of students with disabilities scoring proficient on the District of Columbia Comprehensive Assessment of Progress in Education (DC CAPE) rose by only 1.1% in English language arts (ELA) and 0.8% in math. Despite this improvement, DC CAPE results also showed the gap with general education students widened, as their proficiency rates rose by 2.3% in ELA and 2.5% in math. National data also show DC's heavy reliance on due process complaints to secure special education services: in 2024–25, the District received 141.7 complaints per 10,000 students served under IDEA Part B, compared with an average of 26.5 across the 50 states, DC, and Puerto Rico.[1] This hearing will also consider **Bill 26-63,** which previously received a hearing as **Bill 25-847** in Council Period 25 on November 20, 2024. That hearing record is available on the Council Legislative Information Management System. This hearing aims to determine why special education is provided through litigation and what can be done about it to address this overreliance. The hearing will also focus on nonpublic placements, student support systems, staffing, professional development, and how to increase academic proficiency.

Those who wish to testify must register using the Council's Hearing Management System at https://lims.dccouncil.gov/hearings by **5:00 p.m. on Monday, November 2, 2026**. **Testimony is limited to three minutes**. Witnesses who anticipate needing spoken language interpretation, or require sign language interpretation, are requested to inform the Committee office of the need as soon as possible but no later than five business days before the proceeding by emailing cow@dccouncil.gov. We will make every effort to fulfill timely requests, although alternatives may be offered. Requests received in less than five business days may not be fulfilled. Witnesses will receive instructions on how to participate by Zoom prior to the hearing. If you

Budget Formulation, Execution, and Agency Overspending

on

Thursday, October 29, 2026 at 10:00 a.m.

Room 500 (Track A)
John A. Wilson Building
1350 Pennsylvania Avenue, NW
Washington, DC 20004
DC Council Website (www.dccouncil.gov)

Council Chairman Phil Mendelson announces a public oversight roundtable before the Committee of the Whole on budget execution and agency overspending. The roundtable will be held on **Thursday, October 29, 2026 at 10:00 a.m. This roundtable notice has been revised to reflect a change to the roundtable room from 123 to 500 and date from October 28th to October 29th.**

The purpose of this public oversight roundtable is to explore three interrelated issues. First, the roundtable will examine the problem of agencies spending beyond what was appropriated in the annual budgets approved by the Council. Each year, agencies' budgets grow by tens or hundreds of millions of dollars after the start of the fiscal year through supplemental budgets, spending from the rainy-day funds, and reprogramming's. Second, the roundtable will investigate how the Executive and the Office of the Chief Financial Officer enforce the budget approved by the Council, given repeated instances in which the Council appropriates funding that the Executive does not spend. Finally, the public oversight roundtable will dig deeper into the Office of the Chief Financial Officer's budget formulation rules, with an eye toward understanding various constraints that will be placed on the new administration for the Fiscal Year 2028 budget.

This roundtable is limited to invited witnesses and agency representatives; however, anyone may submit written testimony. Those who wish to submit testimony for the record may do so by using the Council's Hearing Management System at https://lims.dccouncil.gov/hearings or by leaving a voicemail at (202) 430-6948 (up to 3 minutes which will be transcribed). Testimony will be publicly accessible upon Committee review. The record will close at 5:30 p.m. on Thursday, November 12, 2026.

As a result, several comments received during the public comment period will be addressed in a forthcoming second proposed rulemaking.

This rulemaking finalizes rules to:

- Establish infractions for using the public right-of-way to deploy or make available for rent shared fleet devices without a permit or violating shared fleet device requirements for deployment, distribution, and safety-related equipment (new 16 DCMR § 4316); and
- Update the low-income customer plan by providing a 300-minute monthly credit and discounted rate for eligible customers with income levels at or below 200 percent of the federal poverty guidelines (the regulations previously allowed unlimited trips under 30 minutes) (24 DCMR § 3319.1).

Specifically, this rulemaking finalizes changes to: 16 DCMR §§ 4316.1, 4316.2, 4316.3, and 4316.4; and 24 DCMR §§ 3314.5(m), 3314.34(d), and 3319.1(c). DDOT carefully reviewed all submitted comments received. Based on comments received for the sections listed above, no changes were made to the final rulemaking on these sections.

A second NPRM will address comments submitted to the remaining sections of the September 4, 2026 proposed rulemaking.

Comments submitted to the September 4, 2026 NPRM and DDOT responses follow.

ANC 1A comments:

Subsection 3319.1(c)

Proposed change: "The existing unlimited short-trip benefit for low-income plan participants should be retained in place of the capped monthly credit at § 3319.1(c)…The Commission observes the tension between this provision and §§ 3319.1(d), 3319.1(e), and 3319.3, which raise the equity performance required of operators while narrowing the underlying benefit to riders, and urges retention of the existing unlimited short-trip benefit."

DDOT response: The proposed rulemaking establishes new low-income customer plan guidelines that restructure the existing unlimited trip benefit to a time-based, 300-minute per month cap on fully subsidized trips to ensure the program's financial viability while still offering low-income users a considerable discount. The pricing structure also intends to deter fraudulent account sharing and keep devices in circulation when users are incentivized to limit unnecessary trips. DDOT maintains the language as written.

Subsection 3314.34(d)

Comment summary: The Commission supported the following without modification: §§ 4316, 3314.32(b), and 3314.34(d), "insofar as it adds bicycle lanes and pedestrian access routes to the list of facilities to which access may not be impeded."

DDOT response: The proposed language in subsection 3314.34(d) includes both pedestrian access routes and bicycle lanes. DDOT maintains the language as written.

Subsection 4316

Proposed change: "Infractions issued under § 4316 should be reported quarterly, by number and class, disaggregated by ward."

DDOT response: DDOT supports the idea of providing public transparency with respect to operator accountability information. This specific subsection is intended to establish the cause of infraction and corresponding amounts to be owed. DDOT will address data reporting pursuant to these infractions, including public dissemination, either in a separate section within the regulations, or through an appropriate administrative process. DDOT maintains the language as written.

Subsection 3319.1(c)

Proposed change: "The existing unlimited short-trip benefit for low-income plan participants should be retained in place of the capped monthly credit at § 3319.1(c)…. § 3319.1(c), which replaces the existing benefit of a low-income plan participant to unlimited trips of under thirty (30) minutes with a non-rolling three hundred (300) minute monthly credit followed by a fifty percent (50%) discount, and which newly contemplates a membership fee. For a rider taking two fifteen (15) minute trips on twenty (20) weekday commutes, monthly usage of six hundred (600) minutes would exceed the credit by half. (B) The Commission observes the tension between this provision and §§ 3319.1(d), 3319.1(e), and 3319.3, which raise the equity performance required of operators while narrowing the underlying benefit to riders, and urges retention of the existing unlimited short-trip benefit."

DDOT response: The proposal to amend the low-income customer plan guidelines restructures an existing program to expand accessibility of shared micromobility to eligible District residents. Existing low-income plans already include membership fees, which DDOT anticipates will be lowered by the introduction of these changes. The proposed update establishes a time-based cap for fully subsidized trips to protect the program's financial viability while still offering low-income users a considerable discount. The time limit also intends to reduce fraudulent account sharing and keep devices in circulation as users will be deterred from taking unnecessary trips. DDOT maintains the language as written.

ANC 2E:

Subsection 4316.4(c)

Comment summary: "The proposed infractions for accessibility blocking will not change behavior enough, and the proposed 2 hours for moving a vehicle blocking accessibility is too long for those in wheelchairs, etc. … Operators need to be held to higher performance standards by DDOT for managing issues brought to them by DDOT or the public, and via their observation of how their fleet impacts to our city's public spaces, e.g. discarded vehicles in rivers, crash rates, missed response times, tailoring solutions for dense areas vs non-dense areas*."*

DDOT response: The proposed infractions establish an enforcement measure that holds operators accountable for their users' parking behavior. We anticipate that operators will pass infraction fines on to their users, who thus would face a direct consequence for improperly parking or discarding the devices they checked out. The two-hour time limit is an appropriate, rigorous requirement that meets and/or exceeds the industry standard and Olmstead Community Integration Plan for Calendar Years 2025-2027, as published by the District's Office of Disability Rights (ODR). We appreciate the concern and will continue to monitor to be sure that this new fine structure reduces bicycle and scooter litter and improves right-of-way accessibility.

3314.34(d)

Proposed change: "ANC 2E urges DDOT to…Better protect accessibility-for-all: Require and more strongly enforce that dockless parking does not block sidewalk accessibility for pedestrians, wheelchairs, strollers, etc."

DDOT response: The language in subsection 3314.34(d) intends to support the proper parking of devices. This subsection is supported by the infraction established in subsection 4316.4(c). DDOT maintains the language as written.

ANC 5E:

DDOT Response: ANC 5E provided feedback that did not seek to modify subsections within this final rulemaking and will be further addressed in the subsequent notice of proposed rulemaking.

ANC 6A:

Subsection 3314.34(d)

Comment summary: "Commissioners and residents regularly see devices left on sidewalks, curbs and crosswalks, unlocked."

DDOT response: This proposed rulemaking clarifies that parking vehicles in pedestrian access routes or in a manner that impedes access to other public amenities or ADA-sensitive areas is subject to a Class 4 infractions as established in subsection 4316.4(c).

Subsection 4316.4(b)

Proposed change: "The clock should start at the submission of a 311 report, a report to the operator, or the operator otherwise learning of the problem (including through its own GPS or camera data)."

DDOT response: DDOT is only able to enforce infractions related to this subsection with data provided by internal sources that it can readily access, such as on-the-ground enforcement activity or 311 reports. GPS and camera-based data do not provide enough information or are not available to determine infractions related to subsection 4316.4(b). DDOT maintains the language as written.

Subsection 3319.1(c)

Comment summary: "The NOPR ties fleet increases and revocations to deployment, ridership and low-income participation (§§ 3319.1–3319.9). DDOT should add minimum safety and compliance targets, so operators that miss them face a smaller fleet, fines or permit suspension, and those that exceed them can earn increases."

DDOT response: DDOT will address comments related to operators receiving fleet increases pursuant to Low-Income Customer Plan ("LICP") participation in its upcoming proposed rulemaking. This final rulemaking maintains the language as written, speaking to user qualifications and parameters for LICP usage.

ANC 6B:

Subsection 3314.34(d)

Comment summary: "I support the minor revisions to Subsection 3314.34 regarding the proper parking of these devices; however, existing regulations regarding the proper parking of these devices have not been effective."

DDOT response: DDOT acknowledges the importance of increasing the effectiveness of regulations. The incorporation of infractions pursuant to subsection 4316.4(c) intends to increase the effectiveness of subsection 3314.34(d) by aligning enforcement mechanisms.

ANC 6C:

Comment: "My community regularly deals with significant public safety hazards caused by reckless operation and improper parking… these continue operating in the District without automatically enacting basic, common-sense safeguards, such as preventing a scooter from being parked in the middle of a street or bike lane."

DDOT response: Subsection 3314.34(d) requires devices are parked in a proper manner. Additionally, subsection 4316.4(c) will leverage infractions to increase operator accountability and encourage stronger operator policies to deter poor parking behavior.

Councilmember Charles Allen:

Subsection 3314.34(d)

Comment summary: Councilmember Allen recommends implementing a more explicit ban on parking shared fleet devices in a manner that compromises access to sidewalks and bike lanes and having penalties that DDOT is willing to use if it finds that operating companies' policies are not adequately deterring poor parking behavior. Councilmember Allen provided additional feedback that will be further addressed in the subsequent notice of proposed rulemaking.

DDOT response: Subsection 3314.34(d) intends to ensure that devices are parked in a manner that does not impede the sidewalk or bike lanes. Moreover, the subsection 4316.4(c) will leverage infractions to increase operator accountability and encourage stronger operator policies to deter poor parking behavior. DDOT maintains the subsection as written.

Councilmember Brooke Pinto:
Comment summary: Councilmember Pinto provided feedback pertaining to subsections that will be addressed in a subsequent notice of proposed rulemaking.

Public comments:
DDOT received approximately 170 comments from members of the public and two comments from companies currently operating shared fleet devices in the region. Comments pertained to the following proposed changes:

Subsection 4316.4(a)
Proposed change: Commenter notes proposed 16 DCMR § 4316.4 cites 3314.5(ff) and (kk) for the school-distance and lighting rules, but the same notice renumbers those paragraphs to (gg) and (ll).

DDOT response: DDOT appreciates the commenter's attention to these citations in this subsection. DDOT is not changing subsections 3314.5(ff) or 3314.5(gg) in this final rulemaking to maintain the intended scope of the infraction and will address necessary renumbering, as needed, in a subsequent proposed rulemaking.

Subsection 4316.4(b)
Proposed change: Commenters proposed shorter time limits (one-hour windows) before the operator is eligible for an infraction. One commenter noted parking rules must prevent obstruction rather than merely responding to complaints.

DDOT response: The two-hour time limit is an existing requirement that meets or exceeds the industry standard and recommended timeframe reflected in the Olmstead Community Integration Plan for Calendar Years 2025-2027, as published by the District's Office of Disability Rights. DDOT maintains the subsection as written.

Subsection 4316.4(c)
Proposed change: Commenters suggested including enforcement mechanisms against both riders and fleet operations companies in cases where riders fail to properly park their bike or scooter. One commenter suggested a lower fine amount to be charged more frequently. Multiple commenters supported stronger DDOT enforcement and operator accountability for improperly parked and abandoned devices. One operator requested for DDOT to define "impede access" as

referenced in the subsection. One commenter indicated "impede access" was too vague and needed clarification.

DDOT response: DDOT recognizes the importance in reducing ambiguity in the regulations and will consider defining "impede access" in the subsequent proposed rulemaking. Since that term will be defined in a separate subsection from this final rulemaking, subsection 4316.4(c) is maintained as written.

Subsection 3314.5(m)
Comment summary: Commenter supported language on the distribution of devices across the city, but recommended reducing the proposed 35% requirement of device distribution in a single ward to 30% and further recommended a minimum distribution to be determined by DDOT in Wards 7 and 8.

DDOT response: The existing 3% minimum and 35% maximum for Ward-based deployment may be adjusted according to guidance provided to operators by DDOT in the permit operator agreement. Additionally, block-face deployment requirements and rebalancing requirements help reduce concentrated and excessive device deployment. DDOT maintains the subsection as written.

Subsection 3314.34(d)
Comment summary: Commenter noted the companies continue operating in the District without automatically enacting basic, common-sense safeguards, such as preventing a scooter from being parked in the middle of a street or bike lane. One operator expressed support for having vehicular travel lanes, bicycle lanes, and pedestrian access routes on the list of areas that must remain unobstructed and one commenter expressed support for prohibiting devices from being parked in bicycle lanes, specifically. One commenter noted an increasing issue of devices being parked on sidewalks and curbs, which prevents accessibility of public properties for individuals with disabilities.

DDOT response: DDOT acknowledges the importance of properly parking devices and maintaining clear bicycle lanes and an unobstructed public-right-way. Subsection 3314.34(d) requires devices be parked in a proper manner that does not impede access to these locations for people with disabilities and all members of the public. Additionally, subsection 4316.4(c) leverages infractions to increase operator accountability and encourage stronger operator policies to deter poor parking behavior. DDOT maintains the subsection as written.

Subsection 3319.1(c)
Comment summary: Commenters supported changes to the Low-Income Customer Plan program. One commenter expressed concern that the revisions to the LICP would allow companies to expand their fleet as participation in the program increases. One commenter suggested removing group ride functionality from LICP. One commenter expressed concern on losing a useful transportation resource because of the actions of individuals who misuse it and recommended modifying access around school or commuting hours to reduce instances of misuse and underage riding. One operator asked that DDOT clarify the effective date of the LICP requirement to help operators plan any changes to low-income program design and rider communications. One commenter suggested a per-minute rate alternative for LICP usage. One commenter suggested the

LICP should charge operators a fee and then use those revenues to expand employer-based Capital Bikeshare memberships for lower-wage workers. One commenter suggested removal of the LICP program entirely. One commenter suggested switching to a fixed monthly rate rather than offering unlimited 30-minute rides. One commenter shared feedback based on a reddit thread referencing the rulemaking, noting 72 (seventy-two) Reddit users upvoted a comment reading, "discounts…is fine…unlimited free rides is crazy." The same commenter recommended maintaining the low-income program but recommended taking additional measures to address account sharing and repeat offenders. Several commenters suggested increasing safeguards to verify rider eligibility and reduce account sharing. One operator noted support for the LICP changes, as drafted. One commenter recommended DDOT preserve the low-income program or increase affordability.

DDOT response: DDOT is committed to maintaining an LICP program that provides a sustainable subsidy that provides affordable access to devices. Establishing a minutes-based cap will create a price signal for users and discourage unnecessary trips, thus improving availability of devices and cutting down on unintended use of devices such as account sharing, fraud, or use for delivery services. Furthermore, subsection 3319.1(c) updates will preserve LICP access and ensure users have a sufficient number of trips for commuting, travel, and other daily functions. The restriction to 300 minutes per month is intended to narrowly reduce instances of device misuse and abuse, while preserving affordable access to the program. In determining the 300-minute threshold, DDOT analyzed the average monthly use of devices across all operators and identified this as a feasible limit. Group rides/account sharing will be specifically prohibited in the permit operator agreement with future operators. DDOT has decided not to modify eligible hours for LICP device use to facilitate broad accessibility regardless of the user's needs or commuting schedule. DDOT notes that operators prohibit account creation and the use of devices, if the user is under the age of 18. DDOT examined the possibility of establishing a per-minute fee for LICP usage, but opts to maintain the monthly subsidy cap to maintain flexibility of usage as possible for users and help offset the monthly subscription charge. Additional measures to address rider eligibility will be addressed in the permit operator agreement. DDOT maintains the subsection as written.

The Director adopted the rules as final on October 15, 2026. The rules will take effect upon publication of this notice in the *District of Columbia Register*.

(h) A family member has engaged in or threatened violent or abusive behavior toward DCHA personnel. "Abusive or violent behavior towards DCHA personnel" includes verbal as well as physical abuse or violence. 5300.48 If DCHA has given approval, a foster child or a live-in aide may reside in the unit. DCHA has the discretion to adopt reasonable policies concerning residency by a foster child or a live-in aide, and to define when DCHA consent may be given or denied.

Section 5301, SUBSIDY STANDARDS AND VOUCHER ISSUANCE, is amended as follows:

Subsections 5301.3(d) and (g), are amended to read as follows:

(d) A child who is temporarily away from the home because of placement in foster care or who is away at school is considered a member of the family in determining the family unit size.

…

(g) Unless a live-in-aide resides with a family, the family unit size for any family consisting of a single person must be a one-bedroom unit.

Subsection 5301.4 is amended to read as follows:

5301.4 DCHA will generally assign one bedroom for each two persons within the

household, regardless of age, sex, relationship, or marital status, except in the following circumstances:

(a) Single person will be allocated one bedroom; and

(b) Live-in aides will be allocated a separate bedroom. No additional bedrooms will be allocated for family members of a live-in aide.

Subsection 5301.6 is amended to read as follows:

5301.6 In determining family unit size for a particular family, DCHA may grant an exception to its established subsidy standards if DCHA approves it as a reasonable accommodation for a person with a disability. Reasons may include, but are not limited to:

(a) A need for an additional bedroom for medical equipment; or

(b) A need for a separate bedroom for reasons related to a family member's disability, medical or health condition.

Subsection 5301.7 is amended to read as follows:

5301.7 A single person who is not elderly, disable or a remaining family member will be assigned a one-bedroom voucher.

Chapter 54, INCOME AND SUBSIDY DETERMNATIONS, is amended as follows:

Section 5400, ANNUAL INCOME, is amended as follows:

Subsection 5400.1(c) is amended to read as follows:

(c) For MTW families, the imputed returns on family assets when the market value of total family assets exceed fifty thousand dollars ($50,000); and for non-MTW families, all actual anticipated income from assets regardless of the total net family assets, and the imputed return on net family assets when the new family assets exceed the HUD determined amount.

Subsection 5400.3's chart is amended to read as follows:

Summary of Income Included and Excluded by Person	
Live-in aides	Income from all sources is excluded [24 CFR § 5.609(b)(8)].
Foster child or foster adult	Income from all sources is excluded [24 CFR § 5.609(b)(8)]

Children under 18 years of age	Earned income is excluded [24 CFR § 5.609(b)(3)]. All other sources of income, except those specifically excluded by the regulations at 24 CFR § 5.609(b) or DCHA's approved MTW policy, are included. All applicable regulations apply to full-time students approved pursuant to § 5120.
Full-time students 18 years of age or older (not head, spouse, or co-head)	Earned income is fully excluded. All other sources of income, except those specifically excluded by the regulations at 24 CFR § 5.609(b) or DCHA's approved MTW policy, are included. All applicable regulations apply to full-time students approved pursuant to § 5120.

Subsection 5400.27 is amended to read as follows:

5400.27 DCHA will accept tenant-provided third-party documents in order to anticipate annual income if they are dated within one hundred twenty (120) days of the date received by DCHA or for fixed income sources, are dated within the appropriate benefit year.

Subsection 5400.74 is amended to read as follows:

5400.74 Upon approval, DCHA will implement an MTW policy where DCHA will exclude all income from assets when the market value of the family's total assets is fifty thousand dollars ($50,000) or less. DCHA may determine the market value assets of a family based on a self-certification by the family that their total family assets do not exceed fifty thousand dollars ($50,000).

Subsection 5400.75 is amended to read as follows:

5400.75 When the market value of the family's total assets is greater than fifty thousand dollars ($50,000), DCHA will multiply the total market value of the family's assets by the HUD-established passbook savings rate to calculate and include imputed asset income. Any asset which is excluded will not be counted toward the total market value of the family's assets.

Subsection 5400.77 is amended to read as follows:

5400.77 For non-MTW families, DCHA will include actual income from assets, or as described in 24 CFR 5.609(a)(2) when net family assets exceeds the HUD determined amount.

Section 5401, ADJUSTED INCOME, is amended as follows:

Subsections 5401.1 (a), (b), and (c) are amended to read as follows:

(a) The HUD determined amount for each dependent;

(b) The HUD determined amount for any elderly family or disabled family;

(c) The sum of the following, to the extent the sum exceeds ten percent (10%) of annual income:

(1) Unreimbursed medical expenses of any elderly family or disabled family;

(2) Unreimbursed reasonable attendant care and auxiliary apparatus expenses for each member of the family who is a person with disabilities, to the extent necessary to enable any member of the family (including the member who is a person with disabilities) to be employed. This deduction may not exceed the earned income received by family members who are eighteen (18) years of age or older and who are able to work because of such attendant care or auxiliary apparatus; and

Subsection 5401.5 is amended to read as follows:

5401.5 An "elderly family" under DCHA's MTW authority is a family whose head, spouse, co-head, or sole member is fifty-five (55) years of age or older, and a "disabled family" is a family whose head, spouse, co-head, or sole member is a person with disabilities.

Subsection 5401.6 is amended to read as follows:

5401.6 Unreimbursed health and medical expenses may be deducted to the extent that, in combination with any disability assistance expenses, they exceed ten percent (10%) of annual income.

Subsection 5401.7 is amended to read as follows:

5401.7 The medical expense deduction under DCHA's MTW authority is permitted only for families in which the head, spouse, or co-head is at least fifty-five (55) or is a person with disabilities. If a family is eligible for a medical expense deduction, the medical expenses of all family members are counted.

Subsection 5401.9 is amended to read as follows:

5401.9 Upon implementation of the increase in the threshold for unreimbursed health and medical care expenses and/or disability assistance expenses, families will have phase-in relief if they qualify.

(a) A family will be considered a "qualifying family" for phased-in relief if at their last reexamination prior to implementation of this provision:

(i) The family received a deduction for unreimbursed health and medical care and/or reasonable attendant car or auxiliary apparatus expenses; and

(ii) The family's expenses exceeded five (5) percent of the family's annual income.

(b) For qualifying families:

(i) At the family's first regular recertification on/after implementation, DCHA will deduct unreimbursed health and medical care expenses and/or disability assistance expenses that exceed five percent (5%) of the family's annual income and switch the family to annual recertifications;

(ii) Twelve (12) months after the family's first regular recertification on/after implementation, DCHA will deduct unreimbursed health and medical care expenses and/or disability assistance expenses that exceed seven and one half percent (7.5 %) of the family's annual income;

(iii) Twenty-four (24) months after the family's first regular recertification on/after implementation, DCHA will deduct unreimbursed health and medical care expenses and/or disability assistance expenses that exceed 10 percent of the family's annual income;

(c) Upon implementation of the new ten percent (10%) threshold families will not qualify for phased-in relief if:

(i) They are new admissions to the HCV program;

(ii) They are current participants whose unreimbursed health and medical care expenses and/or disability assistance expenses did not exceed five percent (5%) of their annual income; or

(iii) They are current participants who had no unreimbursed health and medical care expenses and/or disability assistance expenses at their

last reexamination prior to implementation.

(d) Upon implementation, any family may request an interim to account for any increase in unreimbursed health and medical care expenses and/or disability assistance expenses.

Subsection 5401.11 (c) is amended to read as follows:

(c) In combination with any medical expenses, exceed ten percent (10%) of annual income;

Subsection 5401.13 is amended to read as follows:

5401.13 The disability expense deduction is capped by the amount of "earned income received by family members who are eighteen (18) years of age or older and who are able to work" because of the expense. The earned income used for this purpose is the amount verified before any income exclusions are applied.

Subsection 5401.25 is amended to read as follows:

5401.25 This policy applies only to families under DCHA's MTW authority in which the head or spouse is fifty-five (55) or older or is a person with disabilities.

Subsection 5401.35 is amended to read as follows:

5401.35 The earned income used for this purpose is the amount of earned income verified after any income exclusions are applied.

A new subsection 5401.46 is added as follows:

5401.46 A family whose eligibility for the child care expense deduction is ending may receive a hardship exemption to continue receiving a child care expense deduction when the family no longer has a member that is working, looking for work, or seeking to further their education, and the deduction is necessary because the family is unable to pay their rent.

(a) A family will be determined by DCHA to be "unable to pay their rent" in such circumstances when the family's total unreimbursed child care expenses are at least two thousand dollars ($2,000) per year and the family owes no balance to DCHA or the owner/landlord.

(b) Relief for an approved hardship exemption includes a continuation of the child care exemption for a period of up to ninety (90) days. DCHA, at its sole discretion, may extend the hardship exemption for one additional ninety (90) day period based on family circumstances.

Section 5402, CALCULATING FAMILY SHARE AND PHA SUBSIDY, is amended as follows:

Subsection 5402.1(c) is amended to read as follows:

(c) A minimum rent of fifty dollars ($50).

Subsection 5402.5 is amended to read as follows:

5402.5 The minimum rent for this locality is fifty dollars ($50).

Subsection 5402.12 is amended as follows:

5402.12 DCHA will grant an exemption from payment of the minimum rent if the family is unable to pay the minimum rent because of a financial hardship when the family experiences one of the following ("qualifying hardship"):

(a) The family has lost eligibility for or is awaiting an eligibility determination for a Federal, State, or local assistance program, including a family that includes a member who is a noncitizen lawfully admitted for permanent residence under the Immigration and Nationality Act who would be entitled to public benefits but for title IV of the Personal Responsibility and Work Opportunity Act of 1996. In such a case, the hardship will only be considered to exist if the loss of eligibility affects the family's ability to pay the minimum rent;

(b) The family would be evicted because it is unable to pay the minimum rent;

(c) The income of the family has decreased because of changed circumstances, including loss of employment;

(d) A death has occurred in the family (In such a case, the family must provide DCHA with written information as to how the death created a financial hardship); or

(e) Other circumstances determined by DCHA or HUD.

Subsection 5402.13 is amended to read as follows:

5402.13 If the family requests a financial hardship exemption, DCHA will suspend the minimum rent requirement beginning the month following the family's request and continuing until DCHA determines whether there is a qualifying financial hardship and whether it is temporary or long term.

Subsection 5402.14 is amended to read as follows:

5402.14 DHCA will promptly determine whether a qualifying hardship exists and whether it

is temporary or long term.

Subsection 5402.15 is amended to read as follows:

5402.15 If DCHA determines that a qualifying hardship is temporary, it will:

(a) Not impose the minimum rent during the 90-day period beginning the month following the date of the family's request for a hardship exemption;

(b) Reinstate the minimum rent from the beginning of the suspension at the end of the 90-day suspension; and

(c) Offer the family a reasonable repayment agreement for the amount of back rent owed by the family.

Subsection 5402.16 is amended to read as follows:

5402.16 If DCHA determines there is no qualifying hardship exemption, DCHA will:

(a) Reinstate the minimum rent, including back rent owed from the beginning of the suspension; and

(b) Require the family to pay the back rent.

Subsection 5402.17 is amended to read as follows:

5402.17 If DCHA determines that a qualifying hardship is long term, DCHA will exempt the family from the minimum rent requirements so long as such hardship continues. Such exemption shall apply from the beginning of the month following the family's request for a hardship exemption until the end of the qualifying hardship.

Subsection 5402.18 is amended to read as follows:

5402.18 The financial exemption only applies to payment of the minimum rent and not to the other elements used to calculate the total tenant payment.

Subsection 5402.25 is amended to read as follows:

5402.25 DCHA sets its payment standards in line with existing market rents according to its approved MTW policy in order to maximize housing choice for voucher holders. DCHA is authorized under MTW to set payment standards up to one hundred eighty-seven percent (187%) of Fair Market Rent (FMR) for all bedroom sizes.

Subsection 5402.26 is amended to read as follows:

5402.26 Upon approval of this Administrative Plan, DCHA will adopt Small Area Fair

Market Rents (SAFMRs) as the basis for its local payment standards. Accordingly, DCHA may set the payment standard for each zip code and/or bedroom size based on an annual analysis conducted by DCHA. DCHA may set payment standards at different levels across zip codes and/or bedroom sizes in order to respond to local market conditions and as warranted by funding availability.

Subsection 5402.27 is amended to read as follows:

5402.27 While DCHA will retain the authority to set the payment standard up to one hundred eighty seven percent (187%) of FMR, as authorized under MTW; DCHA will annually evaluate applicable SAFMRs, local market rents, leasing conditions, program utilization, and available funding to determine the appropriate payment standard for each ZIP code and/or bedroom size.

Subsection 5402.28 is amended to read as follows:

5402.28 DCHA is required to pay a monthly housing assistance payment (HAP) for a family that is the lower of (a) the payment standard for the family minus the family's TTP, or (b) the gross reasonable rent for the family's unit minus the TTP.

Subsection 5402.29 is amended to read as follows:

5402.29 If during the term of the HAP contract for a family's unit, the owner lowers the rent, DCHA will recalculate the HAP using the lower of the initial payment standard or the gross rent for the unit.

Subsection 5402.30 is amended to read as follows:

5402.30 When DCHA revises its payment standards during the term of the HAP contract for a family's unit, it will apply the new payment standards in accordance with HUD regulations.

Subsection 5402.31 is amended to read as follows:

5402.31 Upon approval of the FY 2027 MTW Plan: DCHA will be authorized to apply reduced payment standards at each participant's next regular or interim reexamination or at DCHA's discretion, based on operational need and funding availability in the voucher program. If the application of the new payment standard results in an increase to the participants rent portion, DCHA will provide the participant with a minimum thirty (30) day notice prior to rental increase.

Chapter 55, VERIFICATION, is amended as follows:

Section 5500, GENERAL VERIFICATION REQUIREMENTS, is amended as follows:

Subsection 5500.2 is amended to read as follows:

5500.2 It is required that all adult applicants and participants sign form HUD-9886-A, Authorization for Release of Information. The purpose of form HUD-9886-A is to facilitate automated data collection and computer matching from specific sources and provides the family's consent only for the specific purposes listed on the form. HUD and DCHA may collect information from State Wage Information Collection Agencies (SWICAs) and current and former employers of adult family members. Only HUD is authorized to collect information directly from the Internal Revenue Service (IRS) and the Social Security Administration (SSA). Adult family members must sign other consent forms as needed to collect information relevant to the family's eligibility and level of assistance.

Subsection 5500.3 is amended to read as follows:

5500.3 If any family member who is required to sign a consent form fails to do so, or who revokes their consent in writing, DCHA will deny admission to applicants and terminate assistance of participants. The family may request an informal review (applicants) or informal hearing (participants) in accordance with DCHA procedures.

Subsection 5500.7 is amended to read as follows:

5500.7 Any documents used for verification must be dated within one hundred twenty (120) days of DCHA's receipt of the document or, for fixed income sources, is dated within the appropriate benefit year. The documents must not be damaged, altered or in any way illegible.

Subsection 5500.15 is amended to read as follows:

5500.15 DCHA must use HUD's EIV system in its entirety as a third-party source to verify tenant employment and income information during mandatory reexaminations or recertifications of family composition and income in accordance with 24 CFR §5.236 and administrative guidance issued by HUD. The EIV system contains data showing earned income, unemployment benefits, Social Security benefits, and SSI benefits for participant families. The following policies apply to the use of HUD's EIV system.

Subsection 5500.17 is amended to read as follows:

5500.17 DCHA will obtain income and IVT reports for applicants and participants upon biennial/triennial reexaminations and on a regular basis, in a manner consistent with HUD requirements and guidance in PIH Notice 2023-27 (or applicable successor notice). DCHA will also run EIV and IVT reports within one hundred twenty (120) days of lease up to ensure all income was reported accurately at admission.

Subsection 5500.29 is amended to read as follows:

5500.29 HUD's current verification hierarchy defines two types of written third-party verification. The preferable form, "written third-party verification," consists of an original document generated by a third-party source, which may be received directly from a third-party source or provided to DCHA by the family. If written third-party verification is not available, DCHA must attempt to obtain a "written third-party verification form (this is a standardized form used to collect information from a third party) or oral verification.

Subsection 5500.34 is amended as to read follows:

5500.34 Third-party documents provided by the family must be dated within one hundred twenty (120) days of DCHA request date or for fixed income sources, be dated within the appropriate benefit year.

Subsection 5500.37 is amended to read as follows:

5500.37 When upfront verification is not available and the family is unable to provide written third-party documents, DCHA must request a written third-party verification form or conduct oral verification.

Subsection 5500.40 is amended to read as follows:

5500.40 Third-party verification forms will be sent or oral verification will be conducted when third-party verification documents are unavailable or are rejected by DCHA.

Subsection 5500.42 is amended to read as follows:

5500.42 Oral third-party verification may be used in lieu of written third-party form when written third-party verification is available.

Subsection 5500.43 is amended to read as follows:

5500.43 [RESERVED]

Subsection 5500.54 is amended to read as follows:

5500.54 When a family's total assets have a market value of fifty thousand dollars ($50,000) or less, DCHA will use self-certification to verify the market value of the asset. For non-MTW families, DCHA will verify the families assets at least once every three (3) years as required by HUD. When a family's total assets have a market value exceeding fifty thousand dollars ($50,000), DCHA will use its established verification methods to verify the market value of the asset

Subsection 5500.56 is amended to read as follows:

5500.56 DCHA will use third-party documentation for assets if the total market value of all assets is fifty thousand dollars ($50,000) or more for MTW families, or the total net value exceeds the HUD-determined amount for non-MTW families, or if DCHA receives information indicating the MTW family incorrectly certified the market value of all their assets as less than fifty thousand dollars ($50,000) or the non-MTW family incorrectly certified the net value of their assets as less than the HUD-determined amount.

Subsection 5500.57 is amended to read as follows:

5500.57 When HUD requires third-party verification, self-certification or "tenant declaration," is used when allowable as a last resort when DCHA is unable to obtain third-party verification.

Subsection 5500.58(b) is amended to read as follows:

(b) For MTW families, the market values of total family assets total fifty thousand dollars ($50,000) or less and DCHA has adopted a policy to accept self-certification at annual recertification, when applicable; and

Subsection 5500.59 is amended to read as follows:

5500.59 When DCHA is required to obtain third-party verification but instead relies on a tenant declaration for verification of income, assets, or expenses, the family's file must be documented to explain why third-party verification was not available.

Subsection 5500.60 is amended to read as follows:

5500.60 For non-MTW families, DCHA will require third-party of verification of all assets at admission and at least once every three (3) years when their net family assets do not exceed the HUD-threshold for assets. However, DCHA will accept a self-certification of assets in the years when third-party verification is not required.

Section, VERIFYING FAMILY INFORMATION, is amended as follows:

Subsection 5501.5 is amended to read as follows:

5501.5 The family must provide documentation of a valid Social Security number (SSN) for each member of the household, except for individuals who do not contend eligible immigration status. Exemptions also include existing program participants who were at least sixty-two (62) years of age as of January 31, 2010, and had not previously disclosed an SSN.

Subsection 5501.6 is amended to read as follows:

5501.6 Note that an individual who previously declared to have eligible immigration status may not change their declaration for the purpose of avoiding compliance with the SSN disclosure and documentation requirements or penalties associated with noncompliance with these requirements. Nor may the head of household opt to remove a household member from the family composition for this purpose.

Subsection 5501.17 is amended to read as follows:

5501.17 Social Security numbers must be verified only once during continuously assisted occupancy unless DCHA has reason to question the accuracy of the information provided or needs to re-obtain it for administrative reasons.

Subsection 5501.18(a) is amended to read as follows:

(a) Obtaining documentation from applicants and participants that is acceptable as evidence of Social Security numbers; and

Subsection 5501.19 is amended to read as follows:

5501.19 [RESERVED]

Section 5502, VERIFYING INCOME AND ASSETS, is amended as follows:

Subsection 5502.7 is amended to read as follows:

5502.7 For applicants, since EIV does not contain Social Security (SS) or SSI benefit information, DCHA must ask applicants to provide a copy of their current SS or SSI benefit letter (dated within the appropriate benefit year) for each family member that receives SS or SSI benefits. If the family is unable to provide the document or documents, DCHA should help the applicant request a benefit verification letter from SSA's website at www.ssa.gov or ask the family to request one by calling SSA at 1-800-772-1213. DCHA must obtain the original benefit letter from the applicant, make a photocopy of the document for the file, and return the original to the family.

Subsection 5502.10 is amended to read as follows:

5502.10 If the participant disputes the EIV-reported benefit amount, or if benefit information is not available in EIV, DCHA must request a current SSA benefit verification letter (dated within the appropriate benefit year) from each family member that receives SS or SSI benefits. If the family is unable to provide the document or documents, DCHA should help the participant request a benefit verification letter from SSA's website at www.ssa.gov or ask the family to request

one by calling SSA at 1-800-772-1213. DCHA must obtain the original benefit letter from the participant, make a photocopy of the document for the file, and return the original to the family.

Subsection 5502.16(b) is amended to read as follows:

(b) DCHA will only verify the market value of assets disposed exceeding fifty thousand dollars ($50,000) only if DCHA does not already have a reasonable estimation of its value or the amount reported by the family in the certification appears obviously in error.

Subsection 5502.17 is amended to read as follows:

5502.17 When DCHA verifies assets depends on the value of the family's total assets. Under MTW, when a family's total assets have a market value of fifty thousand dollars ($50,000) or less, DCHA will use self-certification to verify the market value of the asset. For non-MTW families, DCHA will verify the family's assets as described in §5500.60. However, DCHA reserves the right to require third-party verification of assets if it has reason to believe the family has unreported or under-reported income and/or assets. When an MTW family's total assets have a market value exceeding fifty thousand dollars ($50,000), DCHA will use its established verification methods to verify the market value of the asset. For non-MTW families, where the family's net assets exceed the HUD-established amount, DCHA will verify the family's assets as described in §5500.56.

Example 1: An elderly participant reported a $60,000 certificate of deposit at the last biennial/triennial reexamination and DCHA verified this amount. Now the person reports that she has given this $60,000 to her son. DCHA has a reasonable estimate of the value of the asset; therefore, reverification of the value of the asset is not necessary.

Example 2: A family member has disposed of its 1/4 share of real property located in a desirable area and has valued her share at approximately $5,000. Based upon market conditions, this declaration does not seem realistic. Therefore, DCHA will verify the value of this asset.

Section 5503, VERIFYING MANDATORY DEDUCTIONS, is amended as follows:

Subsection 5503.3 is amended as to read follows:

5503.3 DCHA must verify that the head, spouse, or co-head is, under DCHA's MTW authority, fifty-five (55) years of age or older or a person with disabilities.

Subsection 5503.5(a) is amended to read as follows:

(a) Written third-party documents provided by the family, such as pharmacy

printouts or receipts.

Subsection 5503.9 is amended to read as follows:

5503.9 The medical expense deduction is permitted only for households in which the head, spouse, or cohead is, under DCHA's MTW authority, at least fifty five (55), or a person with disabilities. DCHA must verify that the family meets the definition of an elderly or disabled.

Subsection 5503.34 is amended to read as follows:

5503.34 DCHA will seek third-party verification of the work schedule of the person who is permitted to work by the childcare. In cases in which two (2) or more family members could be permitted to work, the work schedules for all relevant family members may be verified. The documentation may be provided by the family.

Chapter 56, HOUSING QUALITY STANDARDS AND RENT REASONABLENESS DETERMINATIONS, is amended as follows:

Section 5601, THE INSPECTION PROCESS, is amended as follows:

Subsection 5601.1(c) is amended to read as follows:

(c) Special Inspections. A special inspection may be requested by the owner, the family, or a third party as a result of problems identified with a unit between regular inspections.

Subsection 5601.27 is amended to read as follows:

5601.27 To the extent practicable, DCHA will complete the initial inspection, determine whether the unit satisfies HQS, and notify the owner and the family of the determination within ten (10) days of submission of the complete Request for Tenancy Approval (RFTA) and all required owner documents, as outlined in Chapter 75.

Subsection 5601.40 is amended to read as follows:

5601.40 If a participant or government official reports a life-threatening condition which the owner would be required to repair or abate within twenty-four (24) hours, DCHA must inspect the unit within twenty-four (24) hours of notification. If the reported condition is not life-threatening, DCHA must inspect the unit within fifteen (15) days of notification.

Chapter 57, GENERAL LEASING POLICIES, is amended as follows:

Section 5700, GENERAL LEASING POLICIES, is amended as follows:

Subsection 5700.23(l) is amended to read as follows:

(l) Any other duplicative federal, State, or local housing subsidy, as determined by HUD. Local housing subsidy subject to this restriction includes any long-term rental assistance program. For this purpose, "housing subsidy" does not include the housing component of a welfare payment, a Social Security payment received by the family, or a rent reduction because of a tax credit.

Chapter 58, MOVING WITH CONTINUED ASSISTANCE AND PORTABILITY, is amended as follows:

Section 5800, MOVING WITH CONTINUED ASSISTANCE, is amended as follows:

Subsection 5800.2 is amended to read as follows:

5800.2 Upon approval of the FY 2027 MTW Plan**:** Participants will be limited to an issuance of one (1) voucher for a unit transfer every twenty-four (24) months, except if any of the following condition(s) apply:

(a) Emergency Moves

(1) The current unit fails to meet housing quality standards and the landlord is unable or unwilling to make required repairs within the specified timeframe. The unit is deemed unsafe or uninhabitable by the housing authority.

(2) Other Documented Public Safety Issue: DCHA may transfer residents to alleviate a verified threat of physical harm or criminal activity. Such circumstances may, at DCHA's discretion, include an assessment by law enforcement indicating that a family member is the actual or potential victim of a criminal attack, retaliation for testimony, or a hate crime. DCHA will verify such threats in coordination with DCHA's Office of Public Safety.

(3) Violence Against Women Act (VAWA)-Related Move: The participant is a victim of domestic violence, dating violence, sexual assault, or stalking. Documentation and certification must be provided in accordance with VAWA requirements.

(4) Landlord Release from Lease: The landlord formally agrees to release the participant from the lease prior to its expiration. Written documentation from the landlord is required.

(b) Reasonable Accommodation: if a participant with a disability is approved

for a reasonable accommodation that necessitates issuance of a voucher to transfer to a new unit.

Subsection 5800.3 is amended to read as follows:

5800.3 If a family requests an emergency transfer under VAWA based on a claim that the move is necessary to protect the health or safety of a family member who is or has been the victim of domestic violence, dating violence, sexual assault, or stalking, DCHA will request that the resident request the emergency transfer using Form HUD-5383: Emergency Transfer Request for Certain Victims of Domestic Violence, Sexual Assault, or Stalking, and DCHA will request other documentation as well.

(a) DCHA reserves the right to waive the documentation requirement if it determines that a statement or other corroborating evidence from the family or family member will suffice. In such cases, DCHA will document the waiver;

(b) DCHA may choose to provide a voucher to facilitate an emergency transfer of the victim without first terminating the assistance of the perpetrator;

(c) Before granting an emergency transfer, DCHA will ensure the victim is eligible to receive continued assistance based on the citizenship or immigration status of the victim;

(d) DCHA has adopted an emergency transfer plan;

(e) DCHA has terminated the housing assistance payments (HAP) contract for the family's unit for the owner's breach; or

(f) DCHA determines that the family's current unit does not meet the Housing Quality Standards (HQS) space standards because of an increase in family size or a change in family composition. In such cases, DCHA must issue the family a new voucher, and the family and DCHA must try to find an acceptable unit as soon as possible. If an acceptable unit is available for the family, DCHA must terminate the HAP contract for the family's old unit in accordance with the HAP contract terms and must notify both the family and the owner of the termination. The HAP contract terminates at the end of the calendar month that follows the calendar month in which DCHA gives notice to the owner.

Subsection 5800.4 is amended to read as follows:

5800.4 A family's right to move is generally contingent upon the family's compliance with program requirements.

Subsection 5800.5 is amended to read as follows:

5800.5 DCHA will deny a family permission to move on grounds that DCHA does not have sufficient funding for continued assistance if:

(a) The move is initiated by the family, not the owner or DCHA;

(b) DCHA can demonstrate that the move will, in fact, result in higher subsidy costs;

(c) DCHA can demonstrate that it does not have sufficient funding in its annual budget to accommodate the higher subsidy costs; and

(d) For portability moves, the receiving public housing authority (PHA) is not absorbing the voucher.

Subsection 5800.6 is amended to read as follows:

5800.6 If DCHA does not have sufficient funding for continued assistance, but the family must move from their unit (e.g., the unit failed HQS), the family may move to a higher cost unit if the move is within DCHA's jurisdiction. DCHA, however, will not allow the family to move under portability in this situation if the family wishes to move to a higher cost area.

Subsection 5800.7 is amended to read as follows:

5800.7 For both moves within DCHA's jurisdiction and outside under portability, DCHA will not deny a move due to insufficient funding if DCHA previously approved the move and subsequently experienced a funding shortfall if the family cannot remain in their current unit. DCHA will rescind the voucher in this situation if the family will be allowed to remain in their current unit.

Subsection 5800.8 is amended to read as follows:

5800.8 DCHA will create a list of families whose moves have been denied due to insufficient funding. DCHA will keep the family's request open indefinitely, and when funds become available, the families on this list will take precedence over families on the waiting list. DCHA will use the same procedures for notifying families with open requests to move when funds become available as it uses for notifying families on the waiting list.

Subsection 5800.9 is amended to read as follows:

5800.9 DCHA will inform the family of its policy regarding moves denied due to insufficient funding in a letter to the family at the time the move is denied.

Subsection 5800.10 is amended to read as follows:

5800.10 With the exception of approved VAWA transfers defined in §5800.1(d), DCHA

may deny a family permission to move if it has grounds for denying or terminating the family's assistance. If DCHA has grounds for denying or terminating a family's assistance, DCHA will act on those grounds in accordance with the regulations and policies set forth herein. In general, it will not deny a family permission to move for this reason; however, it retains the discretion to do so under special circumstances.

Subsection 5800.11 is amended to read as follows:

5800.11 DCHA will deny a family permission to make an elective move during the family's initial lease term. This policy applies to moves within DCHA's jurisdiction or outside it under portability.

Subsection 5800.12 is amended to read as follows:

5800.12 DCHA will also deny a family permission to make more than one elective move during any twelve (12) month period. For elective moves during the twelve (12) month period, DCHA will only allow a new lease to begin on the first of the month. This policy applies to all assisted families residing in DCHA's jurisdiction.

Subsection 5800.13 is amended to read as follows:

5800.13 DCHA will consider exceptions to these policies for the following reasons:

(a) To protect the health or safety of a family member (e.g., lead-based paint hazards, domestic violence, witness protection programs);

(b) To accommodate a change in family circumstances (e.g., new employment, school attendance in a distant area); or

(c) To address an emergency over which a family has no control.

Subsection 5800.14 is amended to read as follows:

5800.14 DCHA will allow exceptions to these policies in §5800 for purposes of reasonable accommodation of a family member who is a person with disabilities.

Subsection 5800.15 is amended to read as follows:

5800.15 If a family wishes to move to a new unit, the family must notify DCHA and the owner consistent with the provisions of their lease. The family must notify DCHA in writing before moving out of the old unit or terminating the lease on notice to the owner. If the family wishes to move to a unit outside DCHA's jurisdiction under portability, the notice to DCHA must specify the area where the family wishes to move. The notices must be in writing.

Subsection 5800.16 is amended to read as follows:

5800.16 Upon receipt of a family's notification that it wishes to move, DCHA will determine whether the move is approvable. DCHA will notify the family in writing of its determination within fourteen (14) business days following receipt of the family's notification.

Subsection 5800.17 is amended to read as follows:

5800.17 For families approved to move to a new unit within DCHA's jurisdiction, DCHA will not perform a new biennial/triennial reexamination unless the biennial/triennial reexamination is due with the effective date of the move.

Subsection 5800.18 is amended to read as follows:

5800.18 For families moving into, or families approved to move out of, DCHA's jurisdiction under portability, DCHA will follow the policies set forth in this §5800.

Subsection 5800.19 is amended to read as follows:

5800.19 Families approved to move to a new unit within DCHA's jurisdiction are required to attend or participate in a transfer briefing, which DCHA may provide in-person or online. Once DCHA has confirmed the family's attendance or participation, DCHA will issue the family a transfer voucher.

Subsection 5800.20 is amended to read as follows:

5800.20 DCHA will follow the policies on voucher term, extension, and expiration in accordance with Chapter 53 of this Title. If a family does not locate a new unit within the term of the voucher and any extensions, the family may remain in its current unit with continued voucher assistance if the owner agrees, DCHA approves, and the HAP Contract is still in effect with the owner. Otherwise, the voucher term expires or ends with the family unassisted and the family will have to reapply to the program.

Subsection 5800.21 is amended to read as follows:

5800.21 For families moving into or families approved to move out of DCHA's jurisdiction under portability, DCHA will follow the policies set forth in this §5800.

Subsection 5800.22 is amended to read as follows:

5800.22 When a family moves out of an assisted unit, DCHA may not make any housing assistance payment to the owner for any month after the month the family moves out. The owner may keep the housing assistance payment for the month when the

family moves out of the unit.

Subsection 5800.23 is amended to read as follows:

5800.23 If a participant family moves from an assisted unit with continued tenant-based assistance, the term of the assisted lease for the new assisted unit may begin during the month the family moves out of the first assisted unit. Overlap of the last housing assistance payment (for the month when the family moves out of the old unit) and the first assistance payment for the new unit, is not considered to constitute a duplicative housing subsidy.

Subsection 5800.24 is amended to read as follows:

5800.24 If the family moves between buildings owned by the same owner, the move will be processed like any other move except there will be no overlapping assistance.

Subsection 5800.25 is amended to read as follows:

5800.25 A participant who is not receiving any subsidy, but whose HAP contract is still in force, may request a voucher to move to a different unit. DCHA must issue a voucher to move unless it has grounds to deny assistance under the program regulations. However, if DCHA determines no subsidy would be paid at the new unit, DCHA may refuse to enter a HAP contract on behalf of the family.

Subsection 5800.26 is added to read as follows:

5800.26 If a zero HAP family requests to move to a new unit, the family may request a voucher to move. However, if no subsidy will be paid at the unit to which the family requests to move, DCHA will not enter into a HAP contract on behalf of the family for the new unit.

Section 5801, PORTABILITY, is amended as follows:

Subsection 5801.32(d) is amended to read as follows:

(d) Copies of the income verifications backing up the form HUD-50058, including a copy of the family's current EIV data.

In addition to these documents, DCHA will provide the following information, if available, to the receiving PHA:

(1) Social Security numbers (SSNs);

(2) Documentation of SSNs for all nonexempt household members whose SSNs have not been verified through the EIV system;

(3) Documentation of legal identity;

(4) Documentation of citizenship or eligible immigration status;

(5) As applicable, documentation of participation in a family self-sufficiency (FSS) program;

(6) As applicable and upon implementation of The Housing Opportunity Through Modernization Act of 2016 (HOTMA), information related to the family's health and medical care and disability assistance expense phased-in hardship exemption, including what stage the family is in and how many months remain in that phase-in stage.

Subsection 5801.50 is amended to read as follows:

5801.50 Upon approval of the FY 2027 MTW Plan: DCHA will not absorb port-in HCV participants with zero income. Participants without verifiable nonwage income (e.g., SSI, child support, or similar sources) must provide a valid employment offer or employment verification letter for work within the District of Columbia jurisdiction. Participants with zero income may port-in under billing arrangements with the originating PHA.

Subsection 5801.51 is amended to read as follows:

5801.51 Under the authority granted to DCHA under its Moving to Work status, DCHA does not administer the FSS Program for port-in families on an ongoing basis. The porting participant may enroll in DCHA's FSS program (thus ending participation in the initial PHA's FSS program) or be party to an agreement that they will continue in the initial PHA's FSS program. If the family opts for the latter, DCHA will also notify the initial PHA that the initial PHA should address the status of the FSS family's escrow account.

Subsection 5801.52 is amended to read as follows:

5801.52 When a family moves into DCHA's jurisdiction under portability, the family is responsible for promptly contacting DCHA and complying with DCHA's policies on eligibility (Chapter 51) and voucher issuance (Chapter 53). The family's failure to comply may result in denial or termination of DCHA's voucher.

Subsection 5801.53 is amended to read as follows:

5801.53 If the voucher issued to the family by the initial PHA has expired, DCHA will contact the initial PHA to determine if it will extend the voucher. An informal hearing is not required when a voucher has expired without the family leasing a unit.

Subsection 5801.54 is amended to read as follows:

5801.54 If for any reason DCHA refuses to process or provide assistance to a family under the portability procedures, DCHA will notify the family of their right to request an informal review or hearing.

Section 5900, REGULAR REEXAMINATIONS, is amended as follows:

Subsection 5900.6 is amended to read as follows:

Generally, DCHA will schedule effective dates to coincide with the family's anniversary date, which is twenty-four (24) or thirty-six (36) months from the family's last regular examination or the family's initial examination, as applicable. However, DCHA may schedule reexaminations for a date other than the family's anniversary date for administrative purposes.

Section 5901, INTERIM REEXAMINATIONS, is amended as follows:

Subsection 5901.8 is amended to read as follows:

5901.8 Upon approval of the FY 2027 MTW Plan, all families are required to report all increases in income between biennial/triennial reexaminations.

(a) Other than zero income families, DCHA will only process an interim when the increase is Two Thousand Four Hundred Dollars ($2,400) per year or more (an increase of Two Hundred Dollars ($200) or more per month).

(b) For zero income families, all increases in income must be reported regardless of amount. DCHA will conduct an interim reexamination when a zero income family reports an increase in income.

Subsection 5901.9 is amended to read as follows:

5901.9 Families are permitted, but are not required, to report decreases in income. DCHA must process the request if the family reports a change that will result in a reduced family share, except for where allowed under DCHA's approved MTW policy.

(a) If a family reports a decrease in income from the loss of welfare benefits due to fraud or non-compliance with a welfare agency requirement to participate in an economic self-sufficiency program, the family's share of the rent will not be reduced.

(b) If a family reports a change that it was not required to report and that would result in an increase in the family share of the rent, DCHA will note the information in the tenant file, but will not conduct an interim reexamination.

(c) If a family reports a change that it was not required to report and that would result in a decrease in the family share of the rent, DCHA will conduct an interim reexamination, except upon approval of DCHA's 2027 MTW plan, within three (3) months of the following:

i. New admission to the program,

ii. A transfer move to a new assisted unit, and/or

iii. The effective date of a regular reexamination.

DCHA will allow a hardship exception to this only when the loss of income is involuntary and properly verified as due to the participant being laid off from employment, involuntarily terminated (fired) from employment, and/or has a loss of benefits that is not the result of fraud, misrepresentation, or failure to comply with program requirements.

(d) Families may report changes in income or expenses at any time.

Section 5902, RECALCULATING FAMILY SHARE AND SUBSIDY AMOUNT, is amended as follows:

Subsection 5902.4 is amended to read as follows:

5902.4 When DCHA changes its payment standards or the household composition or size changes, new payment standards are applied at the following times:

(a) If the DCHA's payment standard amount changes during the term of the HAP contract, the date on which the new standard is applied depends on whether the standard has increased or decreased:

1. If the payment standard amount has increased, the increased payment standard will be used to calculate the monthly housing assistance payment for the family beginning the earliest of:

i. The next scheduled regular or interim reexamination;

ii. The next scheduled contract rent increase that would result in an increase in the family share; or

iii. One (1) year following the effective date of the increase in the payment standard.

2. Upon approval of the FY 2027 MTW Plan**:** DCHA will be authorized to apply reduced payment standards at each participant's next regular or interim reexamination or at DCHA's discretion, based on operational need and funding availability in the voucher program. If the application of the new payment standard results in an increase to the participants rent portion, DCHA will provide the participant with a minimum 30-day notice prior to rental increase.

(b) If the family moves to a new unit, or a new HAP contract is executed due to changes in the lease (even if the family remains in place) the current payment standard applicable to the family will be used when the new HAP contract is processed.

DEPARTMENT OF LICENSING AND CONSUMER PROTECTION

NOTICE OF PROPOSED RULEMAKING

The Director of the Department of Licensing and Consumer Protection (Department), pursuant to the authority set forth in the Second Omnibus Regulatory Reform Amendment Act of 1998, effective April 20, 1999 (D.C. Law 12-261; D.C. Official Code § 47-2853.10(a)(11) and (12)); Mayor's Order 2000-70, dated May 2, 2000, and Mayor's Order 2022-149, dated September 29, 2022, hereby gives notice of her intent to adopt the following amendments to Sections 3403 (Licensure by Examination) and 3499 (Definitions) of Chapter 34 (Architects) of Title 17 (Business, Occupations, and Professionals) of the District of Columbia Municipal Regulations (DCMR).

Currently, to be licensed as an architect by examination in the District, an applicant must fulfill an education requirement, satisfy the requirements of the Architectural Experience Program (AXP), and pass the Architect Registration Examination (A.R.E.). To satisfy the education requirement, an applicant must either:

(1) Hold a professional degree in architecture from a degree program accredited by the National Architectural Accrediting Board (NAAB) or the Canadian Architectural Certification Board (CACB);

(2) Hold an academic certification from the CACB; or

(3) For foreign-educated applicants, have satisfied the NAAB's education standard as verified by an Education Evaluation Services for Architects evaluation report.

These pathways for non-foreign-educated applicants, however, neglect the variety of educational backgrounds of architects and constitute a barrier to licensure for applicants who lack a professional degree in architecture. They also do not align with an increasing number of states and territories in the United States that offer an applicant for an architect license the opportunity to substitute additional work experience for a professional degree in architecture from a degree program accredited by the NAAB or the CACB. In Maryland, for example, if an applicant does not meet the professional education degree requirement, the applicant still fulfills the education requirement by either work experience or academic training, or a combination of both, in accordance with an Education Equivalency Matrix.

To establish flexible pathways for licensure as an architect in the District and to align the District with other jurisdictions across the country, including Colorado, Maryland, Pennsylvania, and Wisconsin, on April 22, 2026, the Board of Architecture, Interior Design, and Landscape Architecture voted six (6) to zero (0) to recommend to the Director the changes to the education requirements for licensure by examination reflected in this proposed rulemaking.

The proposed rulemaking would amend 17 DCMR § 3403 regarding licensure by examination. Specifically, it would update § 3403.2 to establish an updated list of pathways for an applicant for licensure by examination to satisfy the educational requirement for licensure as an architect. These

updated pathways would consist of the existing pathways and new combinations of academic training and work experience to allow applicants with varying educational backgrounds the opportunity to attain licensure. Any additional years of work experience would be separate from, and in addition to, the years of work experience required for the AXP.

Two (2) new combinations of academic training and work experience would allow applicants who have completed part of a degree program accredited by the NAAB or CACB to attain licensure. An applicant who has completed the fourth year of a five (5)-year degree program accredited by the NAAB or the CACB and completed two (2) years of additional work experience under the direct supervision of a licensed architect would satisfy the educational requirement for licensure. In addition, an applicant who completed the fourth year of a six (6)-year degree program accredited by the NAAB or the CACB and three (3) years of additional work experience under the direct supervision of a licensed architect would also satisfy the educational requirement for licensure.

The proposed rulemaking would also make technical amendments to Chapter 34 of Title 17 DCMR. Specifically, it would amend § 3403.1(a) to replace the existing pathways to satisfy the educational requirements with the phrase "educational requirement set forth in § 3043.3". It would also add a new subsection to define the terms "foreign-educated applicant" and "practice of architecture". Finally, the proposed rulemaking would amend 17 DCMR § 3499 by adding "CACB" and making technical amendments.

The Director gives notice of her intent to adopt these proposed rules as final no earlier than thirty (30) days after the date of publication of this notice in the *District of Columbia Register*. Directions for submitting comments to this proposed rulemaking are provided at the end of this notice.

Chapter 34, ARCHITECTS, of Title 17, BUSINESS, OCCUPATIONS, AND PROFESSIONALS, of the DCMR, is amended as follows:

(b) Satisfy the AXP requirements; and

(c) Pass the A.R.E. in accordance with NCARB standards in effect at the time that the applicant took the examination.

3403.2 For purposes of § 3403.1(c), an applicant may take portions of the A.R.E. after receiving a professional degree as provided in § 3403.3 or while enrolled in an NCARB-approved Integrated Path to Architectural Licensure, provided that the applicant completes all the AXP requirements before licensure is obtained.

3403.3 An applicant for licensure by examination shall satisfy the education requirement referenced in § 3403.1(a) if the applicant:

(a) Holds a professional degree in architecture from a degree program that has been accredited by the NAAB or the CACB;

(b) Holds an academic certification from the CACB;

3403.5 An applicant shall retain credit for division sections passed on the A.R.E. for as long as the exam version is currently offered by NCARB and for as long as the exam version immediately following the successfully completed exam is offered. An applicant must complete a new application for re-examination and pay the required fees each time the applicant seeks to retake any division of the examination.

3403.6 For the purposes of this section, the phrase:

(a) "Foreign-educated applicant" means an applicant who possesses a post-secondary degree in architecture from an educational institution located outside the United States and Canada and does not possess either a professional degree in architecture from a degree program accredited by NAAB or CACB or an academic certification from the CACB; and

DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY

SECOND NOTICE OF PROPOSED RULEMAKING

The Board of Directors (Board) of the District of Columbia Water and Sewer Authority (DC Water), pursuant to the authority set forth in Sections 203(3) and (11) and 216 of the Water and Sewer Authority Establishment and Department of Public Works Reorganization Act of 1996, effective April 18, 1996 (D.C. Law 11-111, §§ 203(3), (11), and 216; D.C. Official Code §§ 34-2202.03(3) and (11) and § 34-2202.16 (2019 Repl.)); Section 6(a) of the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1206; D.C. Official Code § 2-505(a) (2016 Repl.)); and in accordance with Chapter 40 (Retail Ratemaking) of Title 21 (Water and Sanitation) of the District of Columbia Municipal Regulations (DCMR), hereby gives notice that at its regularly scheduled meeting on October 8, 2026, the Board approved Resolution #26-68 to adopt the proposed rulemaking to add a new Chapter 42 (DC Water House by House Lead Pipe Replacement Assistance Program) to Title 21 (Water and Sanitation) of the District of Columbia Municipal Regulations ("DCMR").

The purposed new chapter establishes the DC Water House by House Lead Pipe Replacement Assistance Program (HBH LPRAP) to provide financial assistance for the replacement of the "eligible portion of the lead service line" i.e. the portion of the lead water service line located on private property and/or any portion of the lead water service line remaining on public property after a partial lead water service line replacement in the District of Columbia. The HBH LPRAP is intended to compliment the District's LPRAP program to provide funding from non-ratepayer funds when District funds are insufficient. The proposed regulations establish a process to apply for HBH LPRAP benefits, for DC Water to confirm eligibility and make a benefit determination, for the owner's HBH LPRAP contractor to complete the work and for DC Water to make payment for work that has been completed, as noted herein.

On May 22, 2026, DC Water published a Notice of Proposed Rulemaking in the *District of Columbia Register* at 73 DCR 007913, proposing to establish the new Chapter 42 for the DC Water HBH LPRAP for a thirty (30) day comment period ending June 22, 2026. The comments received did not require substantive amendments except to clarify the definition of "Partial Lead Water Service Line" in the rules. In this second proposed rulemaking that term is amended in the definitions. Subsequent to the close of the comment period and discussion with the DC Water Board of Directors Environmental Quality & Operations Committee, DC Water determined that additional amendments were needed to align the project costs requirements in the proposed 21 DCMR § 4204.2 to the project costs requirements in the District's LPRAP regulations in 20 DCMR §3803.5. In this second proposed rulemaking, §4204.2 now references the projects costs in § 3803.5.

The Board requests comments on this second proposed rulemaking. The Board hereby gives notice of the intent to adopt these rules as final in not less than thirty (30) days after the date of publication of this notice in the *District of Columbia Register*. Instructions for submitting comments are located at the end of this notice.

This proposed rulemaking, if finalized and after publication in the *District of Columbia Register*,

will become effective February 1, 2027.

4202.2 DC Water shall determine whether the property has an eligible portion of the lead water service line if the portion of the water service line on private property and/or the portion in public space remaining after a partial lead water service line replacement is confirmed to be a lead water service line.

4202.3 The material of the water service line on private property or remaining in public space after a partial lead water service line replacement shall be confirmed to be a lead water service line based on:

4202.4 Each applicant shall cooperate fully in establishing eligibility by providing documentation or other proof of:

(a) Property ownership by the applicant for the property to be benefited; and

(b) Additional information that DC Water may require, which is relevant to establishing eligibility.

4202.5 DC Water may obtain the information used in determining eligibility from any relevant sources.

4202.6 DC Water shall complete the eligibility and benefit determination within thirty (30) days after it receives a completed application, or, in the event of an unexpected or extenuating circumstance that affects DC Water, such as a natural disaster, as promptly thereafter as possible, except that the following shall toll the timeline:

(c) DC Water's inability to make contact with an applicant after three (3) attempts;

(d) Evidence of misrepresentation in an application;

(e) A failure to respond by a third party from whom DC Water has requested necessary information and over whom DC Water has no control; or

(f) A delay in receipt of necessary information over which DC Water has no control.

4202.7 DC Water shall notify the applicant of the eligibility and benefit determination, which shall expire within ninety (90) days or at the end of the fiscal year, whichever occurs first.

4202.8 If the lead pipe replacement is not completed within ninety (90) days from the date of approval or before the end of the fiscal year in which the application was approved, whichever occurs first, DC Water may require the applicant to reapply for HBH LPRAP assistance.

4203 LEAD PIPE REPLACEMENT

4203.1 An applicant approved for HBH LPRAP assistance shall complete the following actions to receive benefits:

(3) Require the applicant to submit an additional estimate for further consideration.

(d) Upon DC Water's approval of the estimate, obtain the District Department of Buildings required permits.

(2) If the test pit or alternative method and point of entry inspection confirms the eligible portion of the water service line material is a lead water service line, complete the replacement of the lead water service line, keep the excavation open, notify DC Water to inspect the site and submit report (tap card), signed by the HBH LPRAP approved contractor, to DC Water within thirty (30) days of the replacement; and

(h) Within thirty (30) days of completing the test pit in (g)(1) or lead water service line replacement in (g)(2), submit the HBH LPRAP approved contractor's invoice for 1) the test pit costs or 2) the lead water service line replacement costs and any additional information required by DC Water.

4204 BENEFITS

4204.1 HBH LPRAP assistance is a one-time benefit per eligible District property, subject to the availability of funds:

(a) DC Water shall pay 100% of the actual replacement costs to the DC Water HBH LPRAP approved contractor, which are subject to the reasonable caps provided in section 4204.2;

(b) The HBH LPRAP assistance shall be provided to the HBH LPRAP approved contractor only after:

(1) The eligible applicant's HBH LPRAP approved contractor completes a test pit or approved alternative testing method and point of entry inspection and confirms the water service line is not lead and submits an invoice and any required documentation to DC Water within thirty (30) calendar days of completing the work; or

(2) The eligible applicant's HBH LPRAP approved contractor completes the test pit or approved alternative testing method and point of entry inspection and confirms the water service line is a lead water service line and the HBH LPRAP approved contractor:

(A) Completes the replacement of the eligible portion of the lead water service line and keeps the excavation open, pending DC Water's inspection;

(a) Suspend the process of taking new applications; or

(b) Suspend the process of awarding new assistance and place the application on the waitlist.

4205 DENIAL OR REVOCATION OF BENEFITS

DEPARTMENT OF ENERGY AND ENVIRONMENT

PUBLIC NOTICE

Draft Air Quality Permits 5319-R1, 7408, 7409, and 5622-R1 for the Architect of the Capitol to Operate Four Existing 60 MMBTU/hr Boilers at the U.S. Capitol Power Plant with Proposal to Incorporate Certain Permit Requirements into the District of Columbia's State Implementation Plan (SIP)

Notice is hereby given that, pursuant to 20 DCMR § 210, the Air Quality Division (AQD) of the Department of Energy and Environment (DOEE), located at 1200 First Street NE, 5th Floor, Washington DC, proposes to issue air quality permit Nos. 5319-R1, 7408, 7409, and 5622-R1 to the Architect of the Capitol (AOC) to operate four identical existing 60 MMBTU/hr dual fuel (natural gas and No. 2 commercial fuel oil) boilers, designated Boilers 4, 5, 6, and 7, at the U.S. Capitol Power Plant (CPP), 25 E Street SE, Washington DC 20003. The contact person for facility is Christopher Potter, Director, Utilities and Power Plant Operations, at (202) 226-3864 or christopher.potter@aoc.gov.

In addition to standard permit issuance, with this action, DOEE is proposing to submit, to the U.S. Environmental Protection Agency (EPA), the requirements contained in Conditions II(a) and (b) (emission limits) and III(b) (limits on fuel usage) of the draft permit for inclusion in the District's State Implementation Plan (SIP), located at 40 CFR Part 52, Subpart J. DOEE is proposing to include the requirements of these permit conditions in the SIP in order to ensure federal enforceability of the alternative Reasonably Available Control Technology for Oxides of Nitrogen (NOx RACT) Plan, dated August 2024, submitted by AOC pursuant to 20 DCMR § 805.2. Comments on this plan were previously taken pursuant to a public notice posted in the D.C. Register (Vol. 72 – No. 17, 005234– 005235) and on the Department's website (https://doee.dc.gov/release/alternativenoxract2) on April 25, 2025. DOEE has not finalized an evaluation of the comments received in response to that action, the resolution of which may be considered in the resolution of this permitting action as well.

Emissions Estimates:

The maximum potential to emit air pollutants from each of Boilers 4 through 7, under the fuel usage limitations contained in the draft permit, has been estimated to be as follows:

	Maximum Annual Emissions from Each Boiler
Pollutant	**(tons/yr)**
Particulate Matter (PM Total)	2.59
Sulfur Dioxide (SO_2)	0.17
Nitrogen Oxides (NOx)	15.05
Volatile Organic Compounds (VOC)	0.58
Carbon Monoxide (CO)	8.85

These emissions estimates for each pollutant are based on the worst case of operating fully on natural gas or operating fully on No. 2 fuel oil.

Emission Limitations:

The proposed emission limits for the equipment are as follows (from Condition II of the draft permit):

a. Oxides of nitrogen (NO_x) emissions from the west stack shall not exceed 0.14 pound per million BTU (lb/MMBTU) when burning natural gas, No. 2 fuel oil, or any combination thereof in any combination of Boilers 3 through 7, as determined on a 30-day rolling average basis. This limit shall apply at all times including periods of startup, shutdown, or malfunction any boiler. [20 DCMR 805.2]

   This limit adopts an alternative RACT standard pursuant to 20 DCMR 805.2 and will be submitted to EPA for inclusion in the District's State Implementation Plan (SIP) at 40 CFR 52, Subpart J.

b. NO_x emissions from the west stack shall not exceed either of the following [20 DCMR 805.2]:

   1. 0.30 lb/MMBTU, based on a 2-hour average; or

   2. 0.25 lb/MMBTU, based on a calendar day average.

   This limit adopts an alternative RACT standard pursuant to 20 DCMR 805.2 and will be submitted to EPA for inclusion in the District's State Implementation Plan (SIP) at 40 CFR 52, Subpart J.

c. Carbon monoxide (CO) emissions from each unit shall not exceed the following [20 DCMR 201]:

   1. When burning fuel oil exclusively, 0.0365 lb/MMBTU; and

   2. When burning natural gas or a combination of fuel oil and natural gas, 0.0824 lb/MMBTU.

d. Except as specified below, visible emissions whose opacity is in excess of ten percent (10%) (unaveraged), at any time shall not be permitted into the outdoor atmosphere. This visible emissions standard shall apply at all times, except that discharges shall be permitted for two (2) minutes during any startup, cleaning, adjustment of combustion or operational controls, or regeneration of emission control equipment; provided that such discharges shall not exceed the following opacities (unaveraged): [20 DCMR 606.1 and 606.2]

   1. When burning exclusively natural gas, twenty percent (20%); and

2. When burning fuel oil or a combination of fuel oil and natural gas, twenty-seven percent (27%).

e. Total particulate matter emissions (total filterable plus condensables) from each of these boilers shall not be greater than the following [20 DCMR 201 and 20 DCMR 600.1]:

1. When burning exclusively natural gas, 0.0075 lb/MMBTU; and

2. When burning fuel oil or a combination of fuel oil and natural gas, 0.024 lb/MMBTU

Note that this is a streamlined permit condition. Compliance with this standard, established in accordance with the permit application and 20 DCMR 201, will ensure compliance with the total suspended particulate matter (TSP) standard for filterable particulate only, specified in 20 DCMR 600.1.

f. An emission into the atmosphere of odorous or other air pollutants from any source in any quantity and of any characteristic, and duration which is, or is likely to be injurious to the public health or welfare, or which interferes with the reasonable enjoyment of life or property is prohibited. [20 DCMR 903.1]

Violation of the requirements of this condition that occur as a result of unavoidable malfunction, despite the conscientious employment of control practices, shall be an affirmative defense for which the owner or operator shall bear the burden of proof. A malfunction shall not be considered unavoidable if the owner or operator could have taken, but did not take, appropriate steps to eliminate the malfunction within a reasonable time, as determined by the Department. [20 DCMR 903.13(b)]

Note: This condition is District enforceable only.

g. In addition to complying with the requirements of this permit document, the Permittee shall comply with all Plantwide Applicability Limits (PALs) established for the facility.

Additional Alternative NOx RACT Limit

In addition to Conditions II(b) and (c) listed above, the following Condition III(b) of the draft permit is proposed for inclusion in the District's SIP at 40 CFR 52, Subpart J:

b. The consumption of fuel, from each of boilers 4 through 7, on a 12-consecutive-month rolling sum basis, shall be limited to a total, combined heat input of all fuels of 215,000 MMBTU. [20 DCMR 201 and 20 DCMR 805.2]:

Note that this condition adopts an alternative RACT standard pursuant to 20 DCMR 805.2 and will be submitted to EPA for inclusion in the District's State Implementation Plan (SIP) at 40 CFR 52, Subpart J.

The permit applications and supporting documentation, along with the draft permit are available for public inspection at AQD and copies may be made available between the hours of 9:00 A.M.

Transient and Steady State Testing†	0.40	3.5	0.19	0.01‡
Not-to-Exceed	0.60	4.4	0.29	0.02

† Based on information on the EPA Certificate of Conformity No. TPKXL04.4SU1-015 and the California Air Resources Board (CARB) Executive Order U-R-022-0433 for the engine family to which this engine belongs, this 129 kWm unit was certified to the more stringent 130 ≤ kWm ≤ 560 category rather than the less stringent 56 ≤ kWm ≤ 130. Thus, the standards in this table reflect the standards of the more stringent, larger category.

‡ A family emission limit (FEL) has been granted by the U.S. Environmental Protection Agency (EPA) for this unit pursuant to 40 CFR 1039.101(d) as noted on the Certificate of Conformity for this engine.

b. Visible emissions shall not be emitted into the outdoor atmosphere from the engines, except that discharges shall be permitted for two (2) minutes during any start-up, cleaning, adjustment of combustion or operational controls, or regeneration of emissions control equipment; provided, that such discharges shall not exceed twenty-seven percent (27%) opacity (unaveraged). [20 DCMR 606.1 and 606.2(d)]

c. [20 DCMR 903.1]

Violation of the requirements of this condition that occurs as a result of unavoidable malfunction, despite the conscientious employment of control practices, shall be an affirmative defense for which the owner or operator shall bear the burden of proof. A malfunction shall not be considered unavoidable if the owner or operator could have taken, but did not take, appropriate steps to eliminate the malfunction within a reasonable time, as determined by the Department. [20 DCMR 903.13(b)]

This condition is District enforceable only.

d. The Permittee shall comply with the requirements for crankcase emissions, adjustable parameters, prohibited controls, and defeat devices specified in 40 CFR 1039.115. [40 CFR 60.4201(a), 40 CFR 60.4204(b)]

The estimated maximum potential emissions from the generator sets are as follows:

The following table shows estimated maximum potential emissions from the generator sets. It should be noted that the emissions estimates are based on 8,760 hours per year of operation. To estimate worst case emissions, the allowable steady state emissions standards were used as emission factors (except oxides of sulfur). These values are substantially in excess of the certification testing values provided to EPA to justify engine certification. AP-42 emission factors were used to estimate SOx emissions.

Pollutant	**Potential Emissions from Each Engine (tons per year)**	**Potential Emission from All Eight Engines (tons per year)**
Particulate Matter (PM)	0.025	0.20
Oxides of Sulfur (SO_x)	1.55	12.43
Oxides of Nitrogen (NO_x)	0.498	3.99

- Special Exception under the penthouse height requirements of Subtitle C § 1501.1(c), pursuant to Subtitle X § 901.2
- Special Exception from the roof top or upper floor element requirements of Subtitle E § 204.1, pursuant to Subtitle E § 204.4 and Subtitle X § 901.2

CONCLUSIONS

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

Based upon the record before the Board, and having given great weight to the appropriate reports and recommendations filed in this case, the Board concludes that the Applicant has met the burden of proof that the requested special exception relief can be granted because:

- It is in harmony with the general purpose and intent of the Zoning Regulations and Map;
- It will not tend to affect adversely the use of neighboring property; and
- Pursuant to Subtitle X § 901.2(c), the relief satisfies the specified conditions for special exception relief.

EXPEDITED REVIEW. Pursuant to 11 DCMR Subtitle Y § 401, this application was tentatively placed on the Board of Zoning Adjustment (the "**Board**" or "**BZA**") expedited review calendar for decision as a result of the Applicant's waiver of its right to a hearing. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

Based upon the record before the Board, and having given great weight to the appropriate reports and recommendations filed in this case, the Board concludes that the Applicant has met the burden of proof that the requested special exception relief can be granted because:

- It is in harmony with the general purpose and intent of the Zoning Regulations and Map;
- It will not tend to affect adversely the use of neighboring property; and
- Pursuant to Subtitle X § 901.2(c), the relief satisfies the specified conditions for special exception relief.

DECISION

Based on the case record and the testimony at the hearing, the Board concludes that the applicant has satisfied the burden of proof for the requested relief:

- Special Exception from the rear yard requirements of Subtitle E § 207.1, pursuant to Subtitle E § 5201 and Subtitle X § 901.2 (*20 ft. minimum required; 4 ft. 1 in. existing and proposed)*

DISTRICT OF COLUMBIA REGISTER
2026 AGENCY SUBMISSION DEADLINE SCHEDULE

The *District of Columbia Register* is published weekly on Fridays including on public holidays that fall on a Friday. The deadline for submitting notices for publication by District agencies, boards, commissions, and public charter schools is **THURSDAY**, noon of the **PREVIOUS** week. For example, the deadline for the January 16, 2026 *District of Columbia Register* is noon on Thursday January 8, 2026.

The deadline for a Register to be published during a week that has an official District of Columbia holiday is WEDNESDAY noon of the PREVIOUS week. For example, Monday, January 19, 2026 (Martin Luther King Jr. Day) is an official District of Columbia holiday therefore, the deadline for the January 23, 2026 *District of Columbia Register* is noon on Wednesday, January 14, 2026.

If an official government holiday falls on a Thursday, the deadline for submitting documents is WEDNESDAY. Because Thursday, January 1, 2026 is New Years Day, the deadline for the January 9, 2026 *District of Columbia Register* is noon on Wednesday, December 31, 2025.

Because Thursday, November 26, 2026 is Thanksgiving Day, the deadline for submitting documents for the December 4, 2026 *District of Columbia Register* is noon on Wednesday, November 25, 2026.

Documents that are uploaded after the noon deadline will be published in the next edition of the Register.

The DC Register Submission Deadline Schedule is published at the end of each Register.

The Office of Documents also publishes the Submission Deadline Schedule on the DCRegs Home page at https://dcregs.dc.gov:
